

Exact Path North Dakota

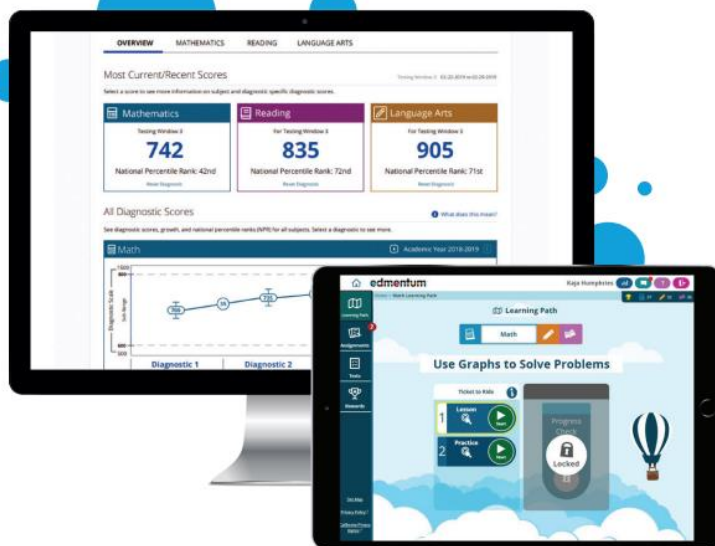

Continue Personalized Learning and Accelerating Growth

Exact Path

In partnership with the North Dakota Department of Public Instruction, districts, schools, and families may continue accessing Exact Path's personalized instruction at no cost through September 2023. After this date, Exact Path is available at state-negotiated prices for a limited time. Reach out to your [North Dakota Partnership Manager](#) today to access special pricing and continue using this proven, research-based program.

Exact Path accelerates growth and empowers meaningful interventions for all students. By combining evidence-based diagnostic assessments, or integrations with NWEA MAP Growth or Renaissance Star, and individualized learning paths for K-12 math, reading, and language arts, academic recovery is within reach. Research confirms, students that master 8 skills, with approximately 40 minutes of weekly usage, are proven to show significant learning gains.
