Welcome and Overview of Standards Process and Committee Roles and Responsibilities

Davonne Eldredge welcomed the Mathematics Content Standards Review Committee members. She reviewed the standards process and completed work thus far by the standards writing committee, the roles and responsibilities of the review committee, and the agenda.

Review of Mathematics Categories

Dr. Boyer led the group through a review of categories for the mathematics standards. The committee reviewed and provided feedback on the four categories, descriptions, and order.

Review of Number and Operations Subcategories and Standards

Dr. Boyer led the group through a review of subcategories for numbers and operations. The committee reviewed the feedback regarding the subcategories and descriptions and then provided input regarding the standards within this category.

Review of Algebraic Reasoning Subcategories and Standards

Dr. Boyer led the group through a review of subcategories for algebraic reasoning. The committee reviewed the feedback regarding the subcategories and descriptions and then provided input regarding the standards within this category.

Review of Geometry and Measurement Subcategories and Standards

Dr. Boyer led the group through a review of subcategories for geometry and measurement. The committee reviewed the feedback regarding the subcategories and descriptions and then provided input on the completed standards within this category. The group offered suggestions for the unfinished areas.

Review of Data, Probability, and Statistics Subcategories and Standards

Dr. Boyer led the group through a review of subcategories for data, probability, and statistics. The committee reviewed the feedback regarding the subcategories and descriptions. They then provided input regarding the completed standards within this category. The group offered suggestions for the unfinished areas.

Review and Next Steps

The committee will receive the feedback notes for review. Once approved, the writing committee will receive a copy with public comments for their meeting in February. Once the writing committee has completed the second draft of the standards, this committee will reconvene and review the second draft and submit feedback to the writing committee. The committee members were thanked for their participation in the standards process.

The meeting adjourned at 2:45 PM.
