

ND COUNTS

Grades 4-8 Mathematics Screening & Intervention Pilot

Webinar
November 7, 2025

nd.gov/dpi

Webinar Norms

Please mute your microphones for the duration of the presentation

During the Q&A section, please raise your hand virtually for questions, come off mute, and ask when called upon

The chat will not be monitored during the webinar.

This meeting will be recorded and posted on NDDPI's website

Purpose of the Pilot

Support individualized mathematics learning for
grades 4-8

Implement skill-level screening and assessment tools

Identify student needs and monitor multi-year
progress

Provide actionable data to improve math learning
outcomes statewide

ND COUNTS Screening
& Intervention Pilot

Program Overview

nd.gov/dpi

Pilot Period: **January 2026-June 2027**

Districts/Schools selected through competitive
application

Applications open **November 24-December 5, 2025**

Awards announced **December 12, 2025**

Funding Overview

Total Available: up to \$300,000 statewide

Grant range: \$25,000-\$100,000 per district/school

Allowable uses:

- **Student software licenses**
- **Teacher professional development**
- **Implementation supports (e.g. coaching, integration, evaluation)**

District/School Expectations

Participating Districts/Schools will:

- Implement a screening & intervention program from the approved list (2025-2027)
- Participate in vendor-provided professional learning and support sessions
- Collect and share district/school progress and implementation data (*individual student data will remain private*)
- Administer NDA+ interim and summative assessments
- Provide feedback to guide statewide decisions

Data & Reporting

Participating Districts/Schools will collect:

- Screening & progress monitoring data
- Student usage, participation, and outcomes
- Teacher implementation & professional learning data
- Feedback on usability and impact

***All student data will remain private; impact data is required to be shared with the 70th (2027) and 71st (2029) Legislative Assemblies*

Eligibility & Application

Open to all ND public and non-public schools/districts serving grades 4-8

- Districts may include multiple schools
- Applications evaluated on:
 - Alignment with pilot goals
 - Implementation readiness
 - Effective funding use
 - Commitment to data-driven instruction
