<b>800</b>	Other Objects – Registration fees for Title I staff to attend workshops. Registration fees, tuition, books for teachers. Cost to have portfolios reviewed. Cost to complete Praxis tests. Licensing fees.
<b>900</b>	Other Use of Funds – Indirect costs are calculated by taking your total approved budget and subtracting any funds listed on the unobligated line and the equipment (object code 700). After you have subtracted the amount you plan to spend on equipment and the amount set aside as unobligated, you multiply the difference by the indirect cost rate. This equals the maximum allowed for indirect cost.  Please Note: *Indirect costs cannot be claimed for reimbursement until the end of the fiscal year. This information is reflected on the Final Financial Report. Indirect costs are figured again at the end of the year and the maximum indirect costs are only paid based on your total expenditures less the funds listed on the unobligated line and the 700-equipment line.  *School districts participating in a cooperative agreement must use the <u>fiscal agent’s indirect cost rates</u> for Title I purposes.
<b>950</b>	Unobligated – Costs for funds available but not obligated into the district budget can be coded to object code 950. (This includes undetermined costs for schools or districts currently in program improvement.) This object code is to be used only to budget these unobligated funds and should not appear as an expenditure code. Before the unobligated funds are spent, the district must submit an electronic budget revision and adjust the budget to move these funds into the appropriate object codes listed above.
