CHOICE READY DATA

2021-2022

2021-2022 ACCOUNTABILITY RELEASE

- In late September 2022, the North Dakota Department of Public Instruction (NDDPI), along with our partners, will share student achievement data from the 2021-2022 school year with school personnel and will post it on the Insights Dashboard for the public to access.

- The dashboard allows North Dakotans to look up an assortment of information by school and district, as well as at the state level. The education dashboard can be found here: https://insights.nd.gov/education.

- This release included data on our Choice Ready metric.

PURPOSE OF PRESENTATION

The purpose of this presentation is to share the most recent Choice Ready data from the 2021-2022 school year.

CHOICE READY GROWTH

Choice Ready growth is calculated based upon year-over-year growth in the overall performance of the school's 12th grade students having acquired the Essential Skills and attained two of the three readiness areas consisting of Post-Secondary, Workforce, and/or Military/Life Skills within the framework.

State Choice Ready Growth 2020-2021	State Choice Ready Growth 2021-2022
Choice Ready: 45.00%	Choice Ready: 61.00%

*Data for school graduating less than ten students is suppressed for public reporting.
