

Choice Ready Summary Data 2020-2021 - Schools

North Dakota is reporting Choice Ready results for the 2020-2021 academic year which measures growth in the number of 12th grade graduates who have achieved the readiness skills for success beyond high school. The Choice Ready results were included on the Insights School Accountability report, which is represented by a graphic showing growth, as indicated below:

Choice Ready Rate

How are high school students preparing for successful transition to post-secondary pathways?

The data shows a 9 percent improvement from the previous 12th grade graduate group in 2018-2019.

The Choice Ready measure is calculated based upon year-over-year growth in the overall performance of the school's 12th grade students having acquired the Essential Skills and attained two of the three readiness areas consisting of Post-Secondary, Workforce, and/or Military/Life Skills within the framework. High schools must improve year after year to maintain the Choice Ready goals as established within North Dakota's ESSA accountability framework. Only overall growth is reported on the Insights School Accountability dashboards. However, additional school performance data are available on the Insights Choice Ready section under Academic Progress. Data for schools graduating less than 10 students is suppressed for public reporting.

Choice Ready School Accountability Results Summary:

48 High Schools	Received Full Accountability Points
38 High Schools	Small N-Size/Points Redistributed
54 High Schools	Received Some Points for Accountability
14 High Schools	Received No Points
67 High Schools	Had Negative Growth
