Sample Monitoring Documentation for English Learners Program

Under Title VI of the Civil Rights Act of 1964 (Title VI) and the Equal Educational Opportunities Act of 1974 (EEOA), public schools must ensure that EL students can participate meaningfully and equally in educational programs. The Office of Indian/Multicultural Education is required by law to monitor local programs for English learners (ELs) and Title III programs to ensure compliance with procedures and regulations in Federal and state laws. It is the responsibility of the North Dakota Department of Public Instruction (NDDPI) to ensure districts and schools are accountable to North Dakota Century Code, NDDPI Administrative Rules, Title I & III of the Elementary and Secondary Education Act (ESEA) reauthorized by Every Student Succeeds Act (ESSA), civil rights laws regulated by the Office of Civil Rights (OCR), and the Department of Justice (DOJ).

The purpose of this document is to assist districts and schools in meeting these requirements through the monitoring process. This document outlines each requirement in detail, the documentation necessary to evidence compliance, special alerts to consider, and available resources. Below is a description of each category.

Requirements
This section outlines the specific requirements of Federal and state law or the Office of Indian/Multicultural Education. It provides an explanation of the criteria to assist schools in understanding the requirement’s rationale.

Documentation
This section includes information and examples of how the district could provide evidence or documentation for the requirement.

Resources
This section outlines resources available for further information on the requirement.
EL01-EL08 ALL DISTRICTS

EL01-EL03 Leadership & Policy

Submission EL01 – EL Director

Requirement

EL01: The NDDPI Administrative Rules section 67-28-01-06 requires every school district to incorporate administrative oversight by a program director with an administrative credential. The director must have the authority to allocate district resources for the program and must take responsibility for the program implementation.

Submission EL02 – EL Coordinator/Test Administrator

Requirement

EL02: The NDDPI Administrative Rules section 67-28-01-02 requires every school district to designate a qualified program representative who serves as a contact for English learner student services and data, as well as the certified EL test administrator for the English language proficiency (ELP) screener and/or annual ELP summative assessment.

The director and EL coordinator are responsible for meeting Title VI’s prohibition on national origin discrimination and ensuring the school district takes “affirmative steps” to address language barriers so EL students may participate meaningfully in the district’s educational programs. The school district must annually report a certified EL teacher as the EL Coordinator/Test Administrator in the State Automated Reporting System (STARS) MIS01 Fall Report.

Documentation

EL01–EL02: To accurately document these indicators, districts must compare the requirement(s) of each indicator above with the district’s current Fall Report to ensure the information in the district’s report meets the requirements of each indicator.

- If either of these indicators in the Fall Report does not meet the requirements, submit new information and an assurance sentence indicating the new information will be added/corrected in the subsequent year’s MIS01 Fall Report.
- If the district met the requirements for EL01-EL02 in the MIS01 Fall Report, submit a copy of the district’s current report.

To print the report from the MIS01 Fall Report in the STARS:

1. From the STARS home screen, select “Shadow” in the left blue margin.
2. Under Reports select the “+” sign next to “LEA/School Fall Reports and Directories”.
3. Select “Local Education Agency Fall Report (MIS01)” and “>Next.”
4. Select the school year, “>Next,” and “View Report.”
5. Select “EL Program” in the upper left margin.
6. Select the “Export to PDF” button in the left margin.
7. Select “LEA Fall Report” in the drop-down box and select the “PDF” button.

Submission EL03 – EL School Board Policy

**Requirement**
The NDDPI Administrative Rules section 67-28-01-01 requires every school district to have a policy for providing alternative language services in compliance with the NDCC chapter 15.1-38 regarding EL instruction. Districts indicate an annual assurance of an approved EL policy and the policy date in the STARS MIS01 Fall Report. This indicator requires evidence of the board policy and its approval.

**Documentation**

**EL03-a:** Documentation includes a copy of the EL policy approved by the school board.

**EL03-b:** Documentation includes a copy of the approved minutes from the school board meeting in which the EL Program Policy was approved (second reading, if applicable).

EL04-EL06 EL Identification

Submission EL04 – District’s EL Student Identification Plan

Requirement

Title VI of the Civil Rights Act of 1964 (Title VI) and the Equal Educational Opportunities Act of 1974 (EEOA) requires all school districts to have procedures in place to accurately and timely identify potential EL students. The North Dakota State ESSA Plan requires every school district to implement the statewide EL identification procedures and criteria. The district’s EL identification plan is documented annually in the MIS01 Fall Report in the STARS. The identification plan must include the step-by-step procedures the district follows to incorporate the North Dakota ESSA statewide EL identification criteria and procedures, including who is responsible and how the district:

- Ensures the North Dakota Home Language Survey (HLS) is completed by a parent for each student registration,
- Reviews the HLS for a language other than English,
- Reviews the student’s academic performance (if available) to determine difficulty with the content in English, and
- Administers the North Dakota ELP screener (currently WIDA Screeners for grades K-12),
- Determines if a student qualifies for the EL program, and
  - If the screener score is below a 3.5 in one of the four domains or below a 5.0 composite score, the student qualifies for the EL program unless there is significant evidence of academic success in English.
- Identifies students who qualify for the program as EL in PowerSchool and STARS.

Documentation

EL04: To accurately document this indicator, districts must compare the requirement(s) above with the district’s current EL Identification Plan in the MIS01 Fall Report to ensure the information in the district’s report meets the requirements above.

- If the district’s EL Identification Plan in the Fall Report does not meet the requirements as indicated above, submit the new identification plan with an assurance sentence indicating the new plan will be implemented immediately, and the plan will be added/corrected in the subsequent year’s MIS01 Fall Report.
- If the district’s EL Identification Plan in the MIS01 Fall Report meets the requirements above, submit a copy of the district’s current EL Identification Plan (or refer to the submission from EL01-02).

Submission EL05 – EL Identification

Requirement

The Civil Rights Act of 1964, Title VI, requires all schools receiving federal funds to provide linguistic services for all ELs who need language support services to succeed academically, and the identification of those students must be linguistically based. Title VI and the Equal Educational Opportunities Act of 1974 (EEOA) also require all school districts to have procedures in place to accurately and timely identify potential EL students. The North Dakota State ESSA Plan requires every school district to implement the statewide EL identification procedures and criteria. The laws above require identification procedures to include a valid and reliable English language proficiency (ELP) screener assessment.

To comply with these laws, the Office of Civil Rights (OCR) recommends a home language survey (HLS) to be used in every school to help identify potential English Learners (ELs). The ESSA requires every state to utilize uniform statewide entrance and exit criteria and procedures for the English Learner Program. Included in the ND statewide procedures is the requirement for districts to have all parents complete the North Dakota HLS for each student at the time of enrollment and use it as a tool in the identification process of ELs. Schools must have an HLS on file for ALL students. It is not acceptable to administer the HLS to only those students suspected to be ELs due to language, national origin, culture, race, or ethnicity.

The STARS has a tool to help districts detect students who were identified as ELs in another district. The STARS validation report can be pulled from STARS enrollment to show students who may have been missed during the initial identification process.

Documentation

EL05-a: Documenting the use of the HLS includes current copies of at least five HLSs completed by a parent.

EL05-b: Documenting no students were missed in the identification process according to the STARS validation report includes submission of a copy of the STARS enrollment validation report or assurance from the person who verified the report is clear of this validation error.

EL05-c: In addition to having the ELP screener included in the EL identification plan, the monitoring process requires evidence of the use of the ELP screener by submitting copies of a current ELP Screener score report. If all HLSs received by the district indicate no language other than English (no current ELs identified in the district), create a narrative assuring this.

Submission EL06 – Parent Notification of Eligibility

Requirement

Upon completion of the ND ELP Screener Assessment and annually thereafter, the NDAC and Title I (NDAC 67-28-01-05 Sec. 4, Title I Section 1112.e.3.A.i) requires the district to inform parents (to the extent practicable, in a language/format they understand) of the student’s EL status and their level of English language proficiency. Title I and Title III also require parent notification to occur within 30 days of the start of the school year or within two weeks of identification during the school year.

If the student is identified as an English learner, the parent notification must include the following:

- A statement indicating the student qualifies for English language development support or the EL program
- The English language proficiency (ELP) scores qualifying the student for services
- The method of instruction used in the district’s language instruction educational program (LIEP)
- How the LIEP will meet the child’s educational strengths and needs
- How the LIEP will help the child learn English and meet academic achievement standards
- The requirements to exit the program
- The student’s expected graduation year
- Parent and student’s rights, and
- If the student has an IEP, how will the LIEP help to meet the objectives of the IEP?

The following parent notifications are a one-time correspondence and do not need to be completed annually thereafter:

- If the student did not qualify for the program, the parent notification must include the following:
  - A statement indicating the student did not qualify for the EL program.
  - The English language proficiency (ELP) scores that disqualify the student for services.
- If the student has reached English language proficiency (ELP), the parent notification must include the following:
  - A statement indicating the student met ELP and exited the program.
  - The English language proficiency (ELP) scores the student attained to meet the ELP exit criteria.
  - The process the school will take to monitor the student for two years.
  - The student’s expected graduation year

Documentation

EL06: Documentation of parent notification includes a copy of at least FIVE (5) dated and completed parent notification letters that include all the required components listed above. The evidence of the date of the notification can be documented by ensuring the school’s form includes a date, a copy of the dated receipt of mail, or a dated email of the notification sent to parents.

- If no Home Language Surveys received by the district indicate a language other than English and the district has no returning ELs, submit a narrative assurance statement.

Submission EL07 – ELP Screener Assessment-Certified Testing Staff

Requirement
The Civil Rights Act of 1964, Title VI, and the Equal Educational Opportunities Act of 1974 (EEOA) require all school districts to have procedures in place to accurately and timely identify potential EL students, including a valid and reliable screener assessment. To maintain security and validity, all staff who *handle* the ELP assessments (WIDA Screeners, ACCESS, and ALT ACCESS) must be trained in testing security, procedures, and protocol as applicable to their role and the tests administered. The ND ELPAC has determined that the training/certifications must be completed during the same academic year of the test administration.

To be qualified to *administer* the ELP assessments, a test administrator must:

- Complete the training certifications within the same academic year for any assessment(s) administered.
- Hold a ND Teaching license to administer the online ACCESS assessment for grades 1-12 with NO sections that require local scoring.
- Hold a ND EL endorsement to administer all K-12 ELP screeners, ALT ACCESS, or any other portions of the assessment that are locally scored.

Staff who do not administer but only *handle* the assessments (including anyone who opens the boxes when received, handles the test materials at any time, packs materials to return, and technology coordinators) must attest to maintaining test security by reviewing and signing the Test Security Agreement.

Each year, EL District Coordinators must submit an assurance that all staff who *handle* the ELP assessments are trained to do so and that all test administrators are qualified to administer the ELP assessments for the current academic year. During the monitoring process, evidence is submitted to verify these certifications and qualifications of staff.

Documentation
- **EL07-a:** Evidence of WIDA-certified test administrators includes submission of a copy of the current WIDA certificate for each assessment or a certification report from the WIDA Secure Portal.
- **EL07-b:** Evidence showing all test administrators are licensed teachers in ND includes a copy of the teaching credentials of ALL ELP assessment test administrators.
- **EL07-c:** Evidence of all test handlers’ security training includes a copy of the signed Test Security Agreement for the current year.

Submission EL08 – Enrollment Regardless of Immigration Status

Requirement

The U.S. Department of Education (U.S.E.D.) enforces many statutes that prohibit discrimination, including the Fourteenth Amendment, Title IV and VI of the Civil Rights Act of 1964, and the U.S. Supreme Court decision in the landmark case of Plyler vs. Doe 457 U.S. 202 (1982). These statutes and proceedings guarantee non-discrimination for public education regardless of immigration status. They do not allow identification tools that provide insight into immigration statuses, such as a birth certificate, social security number, or immigration documents, as a requirement for enrollment.

In a May 6, 2011, Dear Colleague letter on the Rights of All Children to Enroll in School, the U.S. Departments of Education and Justice provided guidance and a Q&A to assist districts in meeting the legal obligations to ensure their enrollment procedures do not discriminate.

The North Dakota Century Code (NDCC) 12-60-26 requires “proof of identity” of the child, but it is not required to be one of the above documents and may not be a condition of enrollment. NDCC suggests that if proof of identity is not provided, the school is to notify BCI and local law enforcement to ensure the student(s) is not lost, missing, or a runaway.

Documentation

EL08: Evidence includes a copy of the district’s current enrollment form(s) and/or instructions where student/parent identification requirements are listed. If the district includes one of the documents listed above, a policy or procedure must also be submitted indicating that the information is NOT a condition of enrollment.

Submission EL09 – District/School Program Plan: EL Program (LAU) Plan or Handbook

Requirement

Federal and State law (May 25 Office for Civil Right Memo of 1970, Lau v. Nichols of 1974, Equal Education Opportunities Act of 1974, NDAC 67-28-01-01 & 67-28-01-06) require districts to have a local program plan (LAU Plan) or handbook containing the following:

- A description of the Language Instruction Educational Program (LIEP), the alternate language curriculum, and how they will help students learn English and meet challenging academic standards
- A description of how each school’s program is based upon sound educational theory and evidence-based practices.
- A description of how the school’s program is supported with adequate and effective staff and resources, so the program has a realistic chance of success, including instructional facilities that are comparable to those for non-ELs.
- A description of how each school’s program is evaluated to ensure the program produces results showing the language barriers are being overcome within a reasonable amount of time.

Documentation

EL09: Evidence includes a copy of the district Lau program plan or handbook, including all the required components listed above.

Submission EL10 – Individualized Language Plan

Requirement

The NDDPI Administrative Rules section 67-28-01-05 requires all ELs in the district to have an annually updated ILP created collectively by the language support team (EL teacher, classroom teacher, administrator, and parent). The plan must include the following items:

- Student English language proficiency levels,
- Academic achievement,
- The language instruction educational program type and amount of service time provided,
- Instructional strategies to be used in the general education classroom,
- Accommodations or modifications as applicable in the classroom and on assessments,
- Goals for the year, and
- Additional services provided, if applicable, such as Title I, levels of service (gifted and talented), MTSS or tiered support, special education, etc.

Documentation

**EL10**: Evidence includes a copy of at least FIVE (5) completed and current ILPs, including required components and appropriate signatures. If the district has less than five ELs enrolled, submit ILPs for all ELs.

Resources

Submission EL11 – Evidence of Language Instruction Educational Program (LIEP)

Requirement

Title VI of the Civil Rights Act of 1964, the Equal Education Opportunities Act (1974), Title III of the ESEA reauthorized by ESSA, and the NDDPI Administrative Rules section 67-28-01-06 require districts to provide a high-quality LIEP incorporating research/evidence-based strategies, the English Language Development (ELD) Standards, a specific ELD curriculum, and an LIEP model necessary to ensure English learners gain meaningful access to the schools' content curricula and programs.

Documentation

Evidence includes documentation of the following for at least FIVE EL students:

**EL11-a:** Submission includes evidence of the program model the district/school has selected to provide for the EL student. The same program model should be included in the student’s ILP, STARS enrollment, and parent notification. Evidence of the program enrollment may include a copy of any of the three documents listed above.

**EL11-b:** Submission includes evidence that the program model indicated in EL11-a is occurring, effective, and incorporates high-quality research/evidence-based strategies. Evidence may include student and teacher schedules, lesson plans, choice boards, etc.,

**EL11-c:** Submission includes evidence of a core ELD curriculum used by the district/school that aligns with the WIDA ELD Standards 2020 Edition. The core ELD curriculum is designed to teach ELs explicitly about the English language, including the academic vocabulary needed to access content instruction, and to develop their English language proficiency in all four language domains (i.e., speaking, listening, reading, and writing). Evidence may include copies of lesson plans, curricula research documentation, etc.

**EL11-d:** Submission includes evidence that the current ELD standards are embedded in instruction, such as lesson plans, student choice boards, correlations studies used between the implemented ELD curriculum and the ELD standards, etc.

Submission EL12 – LIEP Provided by a Qualified Teacher

Requirement
The Equal Education Opportunities Act (1974), Title III of the ESEA, and the NDDPI Administrative Rules section 67-28-01-06 require districts to provide a high-quality LIEP program based on sound educational theory and taught by qualified, highly effective teachers. To be qualified in North Dakota, an EL teacher must hold an ELL endorsement, a degree in ESL or bilingual education, or a TESOL certification.

Documentation
Evidence includes a copy of the teacher’s North Dakota credentials, including an ELL/ESL endorsement.

Submission EL13 – EL Related Professional Development

**Requirement**

Section 504 of the Rehabilitation Act (1973) 29 U.S.C. Section 706 states that English Learners are entitled to “free and APPROPRIATE [emphasis added] public education. Section 1703(f) of the EEOA requires states and school districts to provide adequate services for ELs to gain full access to the curriculum. Title VI also requires school districts to take affirmative steps to ensure that English learner (EL) students can participate meaningfully and equally in educational programs and services. Although the laws do not require schools to adopt a particular type of language acquisition program, courts generally consider three factors to assess the adequacy of such a program:

- Whether the school's program is based upon sound educational theory or principles;
- Whether the school's program is reasonably calculated to implement the educational theory effectively; and
- Whether, after a period of time sufficient to give the program a legitimate trial, the program results show that language barriers are actually being overcome.

Considering ELs spend a large portion of their day in the general education classroom, a district is implementing sound educational theory if the teachers in the general education classroom have access to high-quality professional development that provides that foundational knowledge, effective scaffolding strategies, differentiated instructional strategies, effective use of student assessment data, and develops skills for supporting second-language acquisition across the curriculum. This professional development should be made jointly available to EL and general education teachers and evaluated for how well it is implemented and its effects on student achievement.

**Documentation**

**EL13**: Evidence includes documentation of EL-related Professional Development completed for all staff involved in the education of ELs. This includes leaders, classroom/content teachers, EL teachers, specialists, etc.

Submission EL14 – Adequate Resources to Support the LIEP

Requirement
The Equal Education Opportunities Act (1974), Title III of the ESEA, and the NDDPI Administrative Rules section 67-28-01-06 require districts to provide a high-quality LIEP program based on sound educational theory and not deny any student full access to the curriculum. EL students are entitled to EL programs with sufficient resources to ensure the programs are effectively implemented, including highly qualified teachers, administrators, and support staff, appropriate instructional materials, and effective training when necessary.

Documentation
EL14: Evidence includes a copy of the district’s detailed ledger showing adequate resources provided to implement the LIEP effectively. Resources may include staff, PD, EL materials/supplies, EL parent engagement activities, interpreting or translating services, etc.

Resources
There are no additional resources for this requirement.
Submission EL15 – Comparable Instructional Space

Requirement
The Civil Rights Act of 1964, Title VI (1991 OCR Memorandum), and the ESEA require districts to utilize instructional facilities comparable to those provided for non-ELs and not to unreasonably segregate ELs.

Documentation
**EL15**: Documentation includes a school map highlighting the EL program room or instructional space and labeling other service providers like Title I, Special Education, LOS, etc., to illustrate equity.

Resources
There are no additional resources for this requirement.
Submission EL16 — ACCESS to Curriculum and Programs

**Requirement**

The Fourteenth Amendment declares that no student shall be denied access to any course or activity (including gifted and talented, AP, or Dual Credit programs/courses) because of his/her language or cultural background. Courts have determined a violation of the 14th amendment if English learners are not provided an opportunity to actively engage in the entire academic curriculum or activities offered by the district due to a language barrier.

**Documentation**

**EL16**: Documentation includes EL student class schedules and rosters of participants in extra and co-curricular activities that include EL students.

**Resources**

There are no additional resources for this requirement.
Submission EL17 – Services for ELs on an IEP

Requirement
According to the Individuals with Disabilities Act (IDEA), English learners with disabilities must be provided special education services according to their Individual Education Plan (IEP), in addition to an LIEP according to their ILP.

Documentation
EL17: Documentation may include a student’s class schedule, ILP, and IEP to evidence all services provided.

If the district has no ELs on an IEP, indicate this as a statement and label it “N/A.”

Resources
There are no additional resources for this requirement
Submission EL18 – District Monitors Exited ELs

**Requirement**

The Civil Rights Act of 1964, Title VI, and the ESEA require all districts to ensure that students overcome language barriers and are able to participate fully in mainstream classes. The laws have included monitoring exited ELs for at least two years after exit to ensure language is no longer a barrier.

**Documentation**

**EL18**: Documentation includes evidence of how the school specifically monitors the academic progress of former ELs.

EL 19 Annual Summative ELP Assessment

Submission EL19 – Annually Assess the English Language Proficiency of All EL Students

Requirement

The Equal Education Opportunities Act (1974), ND ESSA Plan, and NDDPI Administrative Rules section 67-28-01-01, 03 require all districts with ELs to measure the language proficiency of all ELs, ensuring program effectiveness and student growth. Districts must use a valid and reliable assessment and ensure all ELs participate each year. The North Dakota ELP Assessment is currently the WIDA ACCESS for ELLs.

Documentation

Evidence should show that all students who were enrolled during the testing window participated in the assessment. This may include:

EL19-a: A copy or screenshot of the most recent ACCESS for ELLs administration report from WIDA AMS listing student tests completed and

EL19-b: A copy of the EL students enrolled in the district during the testing window from STARS enrollment.

EL19-c: If the district had students enrolled during the test window who did not participate, include a copy of the “submitted” non-participation report from the STARS showing allowable reasons for the students to be exempt from the requirement.

Resources

A testing status report can be printed in WIDA AMS from “Student Test Progress” in Student Management or from the “Daily Cumulative Student Status Report” under “Status Reports” in Report Delivery. Below are screenshots from WIDA AMS, where you can find the reports.
EL 20-21 Correspondence and Evaluation

Submission EL20 – Information to Parents

Requirement
The Office of Civil Rights and Title I law require information to be provided to parents in a language and format they understand, to the extent practicable. Districts may use qualified translators and/or interpreters who have signed a privacy agreement. Due to student confidentiality regulations, the OCR does not support using students, family members, or neighbors as interpreters.

Documentation
EL20: Documentation may include: evidence that the district has no EL parents who need information in a language or format different from the school’s standard practice, examples of translated materials, a link to the website available in multiple languages, and/or a copy of a signed a privacy agreement and procedures in the handbook regarding the use of interpreters.

Resources
• Sample Interpreter Privacy Agreement
Submission EL21 – LIEP Evaluation

Requirement
The Office of Civil Rights requires districts to evaluate the effectiveness of a school district’s language assistance program(s) to ensure

- EL students in each program acquire English proficiency
- Each program was reasonably calculated to allow EL students to attain parity of participation in the standard instructional program within a reasonable period of time.

Districts must have a process, including the language support team (at a minimum, the EL Director and EL Coordinator), to review program data such as EL student progress toward ELP, academic progress, EL teacher caseloads, and curricular materials. The review should identify program strengths, improvement needs, and changes to be made to address the issues found in the review.

Documentation

EL21: Documentation may include minutes from a program evaluation meeting, completion of a program evaluation inventory signed by the language support team, and/or a program evaluation report signed by the language support team submitted to the school/district’s leadership and/or school board.
