### **Title I Schoolwide Planning Year**

The purpose of the Title I schoolwide program is to use the Title I allocation to upgrade the entire educational program of the school in order to raise academic achievement for ALL students at the school. A schoolwide program is built upon schoolwide reform strategies rather than separate, add-on services. **A requirement of becoming a schoolwide program is to participate in the schoolwide planning year.** This intent is being provided to offer schools the option to begin the process for participating in the schoolwide planning year. **Please indicate below your school's intent:**

- Yes. The district is interested in having the school participate in the schoolwide planning year during the \_\_\_\_\_ school year. Upon approval the school may operate schoolwide in the following school year.**
