Title I, Part A: Use of Funds Quick Reference Guide
Improving Basic Programs Operated by Local School Districts

Priorities of Title I:
1. Strengthen the core program in schools and provide academically related support services to low-achieving students at all levels;
2. Provide evidence-based programs that enable participating students to achieve learning standards;
3. Elevate the quality of instruction by providing eligible staff with substantial opportunities for professional development; and
4. Involve parents/guardians as active partners in their children's education at school through open, meaningful communication, training, and inclusion in decision-making processes.

Types of Title I Programs:
Title I Targeted Assistance Program (TA) – Funds may be spent on allowable Title I activities for participating, targeted Title I students, their teachers, and families. Activities and interventions must be aligned to the program plan for providing services to eligible students based on educational need.

Title I Schoolwide Program (SW) – Funds may be spent on allowable Title I activities for any student, teacher, and family of students enrolled in the school. Activities and interventions must be aligned to the schoolwide plan, strategies, and interventions based on a comprehensive needs assessment.

**Supplement, not Supplant in Title I under ESSA**
- Title I funds should add to (supplement) and not replace (supplant) state and local funds
- Under ESSA, districts must demonstrate the methodology used to allocate state and local funds to school
- District must provide each Title I school with all the state and local money it would receive if it did not participate in the Title I program
- Title I cost must still be allowable and support eligible students among other requirements and expand spending options

**Private Schools – Nonpublic Equitable Services**
- Must have ongoing, meaningful, and timely consultation
- Title I funds can only be used for supplemental academically related support services for equitable services to eligible student
- District must maintain control of funds and may not pay or reimburse private schools directly

**Contract Amendments in WebGrants**
- Required when there is any significant change in program objectives
- Any increase or decrease in the total amount of the grant
- An increase in a line of the budget that exceeds 10% of the budget in any object category
- Request and submit an amendment anytime necessary
- Avoid conflicting with claims or other unapproved budget amendments submitted
- Multiple revisions can occur in one contract amendment (label by numbering consecutively)
- To request an amendment, complete the contract amendment and provide justification for each line item with amounts
- Total approved budget amount must be accurate and match allocation
- Upon approval of the amendment, district accounting ledgers should be updated to reflect the updated approved budget.
