

NORTH DAKOTA DEPARTMENT OF
PUBLIC INSTRUCTION

2023-2024 Learn Everywhere Guidance

The 68th Legislative Assembly approved [House Bill 1521](#), which gave districts more freedom to utilize learning opportunities outside the classroom. It was signed by the governor to become law. This law creates great flexibility in providing instruction to students in real-world work environments. These types of in-depth programs are typically referred to as “Learn Everywhere Programs.”

Important Changes

Learn Everywhere proposals ***do not*** have to be approved by the K-12 Coordination Counsel ***or*** the North Dakota Department of Public Instruction like in the past. The only program approval is through the public school board or the nonpublic school governing board.

- Once the proposal is approved, please send a description of the program to [Joe Kolosky](#), Director of School Approval & Opportunity. This is for tracking purposes only.

Definitions

Sponsoring Entity- a business, for-profit organization, non-profit organization, community organization, or trade association that partners with a school district or non-public school to provide educational opportunities for students.

Educational Opportunity- learning outside of the classroom that meets course standards, as determined by the Superintendent of Public Instruction. This includes work-based learning, pre-apprenticeships, apprenticeships, internships, industry certifications, and community programs.

Proposal Criteria

To utilize the Learn Everywhere program public school districts and nonpublic governing boards still must:

1. Adopt a policy that provides criteria for:
 - a. The submission, approval, and evaluation of proposals for educational opportunities by sponsoring entities for which a student may earn course credit;
 - b. Sponsoring entity eligibility; and
 - c. Educational opportunity accountability.
2. The board of the district or governing board of a nonpublic school may approve a proposal from any eligible sponsoring entity. To be approved, a proposal must:
 - a. Provide increased educational opportunities for students;
 - b. Improve the academic success of students; and
 - c. Identify a teacher of record who is employed by the school district or nonpublic school, is licensed under chapter 15.1-18, and has approved the proposal.
