Agencies receiving federal awards, either directly or as pass through, from another agency must list all federal awards received. The federal agency from which they receive the funds, and the name of the program and pass through entity must be listed. These figures must be for the most recently completed fiscal year which must be indicated on the form.

Agencies receiving federal funds from multiple sources may submit a copy of their schedule of federal awards included in their audit report.

** School districts, education service districts, colleges, and city, county, other municipalities, tribal, military, or federal government agencies are exempt from completing this form.*

Additional directions for the federal fund disclosure report table:

Federal Agency Name: Include the federal agency funding source even if the funding was passed through a state or other agency prior to your receiving it.

Program Title: Include the name of the program.

Pass Through Agency: Provide the name of the agency from which you directly received your funds. If you received your funds directly from a federal agency, indicate N/A in the pass through column.

Federal Dollars Expended: Indicate the amount of federal funds that you have received under each of the listed programs for your most current fiscal year completed.

If you use abbreviations, please provide the full name either somewhere on the form or on another sheet attached to the form.
