State Automated Reporting System (STARS)

This document contains the online reporting directions for the Employee Compensation Report which annually collects the actual salary and benefits paid to licensed personnel for the last complete school year. The State Automated Reporting System (STARS) can be accessed at https://secure.apps.state.nd.us/dpi/stars/Login.aspx. A North Dakota state login identification is needed to obtain access to the various reports. Once you have logged in, the page shows all available reports to which you have been granted access. The school system administrator has authority to manage reading, writing, and submitting authority to others in the school.

For more information regarding navigating and using the different features in the STARS system, reference the STARS user manual at http://www.dpi.state.nd.us/resource/STARS/Reports/manual.shtm.

The Department of Public Instruction annually administers the collection of data through Employee Compensation Reports for North Dakota public LEAs, Special Education Units, and Career and Technology Centers as per North Dakota Century Code NDCC 15.1-02-13. Employee Compensation Reports are due annually on or before September 10th in order to report the actual compensation dispersed to teachers licensed by ESPB (the North Dakota Education Standards and Practices Board); and to administrators holding a position that requires an administrator’s credential. These data are collected on or before September 10th to describe employee compensation for the previous school year. NDCC 15.1-02-13 states:

“If any School District fails without good cause to provide the information required by this section on or before September 10th and in the manner directed by the Superintendent of Public Instruction, the Superintendent shall withhold all state aid until the information is received.”

Therefore, the Superintendent will withhold funding if Employee Compensation reports are not completed by the due date each year. To facilitate efficient data collection, the Department of Public Instruction requests that LEAs and other educational units complete their Employee Compensation Reports online using the State Automated Reporting System (STARS).

For best results, we recommend that Employee Compensation Reports are submitted carefully and that all the specific personnel data contained in the reports are checked for accuracy. Questions regarding employee compensation reports should be directed to Don Kaiser, Management Information Systems (701-328-1809).

The Department of Public Instruction (DPI) thanks you in advance for your cooperation, and we encourage you to call or email with any concerns or questions you may have about Employee Compensation Reporting.
