

2020-2021
Suspension, Expulsion, and Truancy (SET) Report Instructions

Every North Dakota school building - public and non-public - is required to submit their annual Suspension, Expulsion, and Truancy (SET) data using the DPI STARS reporting system. All incidents must be entered and submitted no later than **June 15th** of each school year. The requirements to collect and report suspension and expulsion data is required by the US Department of Education; the requirements to report truancies is required by NDCC 15.1-20-03.1.

If a school building has **NO** incidents/truancies to report for the school year, you must 1) complete only the Notification section and 2) submit a blank report.

Non-public schools can access the STARS Suspension, Expulsion, and Truancy report; however, their students will not be listed. If there is an incident to report, they must first access the STARS Enrollment report to enter the student. When returning to the SET report, this student will then be added. Contact DPI School Finance & Organization at (701) 328-2236 for **private school enrollment imports**.

To begin the process ...

Login to DPI STARS [<https://secure.apps.state.nd.us/dpi/stars/Login.aspx>]

The District representative assigned access for the SET report must have a STARS login and password to access the STARS system.

- If no login / password, follow the directions: [STARS Help Documents](#)
- In addition, you must be granted permission from your administrator as it is the school's responsibility to ensure student records are protected. If you are a new superintendent to your district, DPI MIS must grant permission.

A. After entering login & password, you will be taken to the **“Fill Out Reports”** page

- Under Reports, click the plus sign (+) preceding “Other”
- Click the plus sign (+) preceding “Suspension Expulsion”
- Choose your school building from the menu
- Verify the present school year and click “Select”

To view / print the instructions, click on the Help icon from the left menu.

B. Under Functions (left margin) click **“Check Out”**

C. **Slide the mouse up in the same left column to “Notification”**

- Enter the requested information of individual/s responsible for completing the report
- Click “Save” and “Validate” from the left menu

If there are **NO** suspensions, expulsions or truancies to report, click “Submit”

This is the final step for buildings with NO incidents to report.

D. Add Incident

Click “Suspension Expulsion” from the top of the left menu

Click “Add Incident”

Incident Date: enter the date of incident; not required for truancy

Incident: the drop down menu will allow you to view and select from the topical list.

- **Exception:** when *truant* is selected, the screen will deviate slightly. Enter the number of **hours** (numeric only; no letters or words) the student was truant in the “Add Student” section. (See Truancy & Unexcused Absence definitions in the Help section Glossary).
- A **glossary** of definitions can be found at the end of this document and on the STARS help screen.

Location: the drop down menu will allow you to view and select one option

Victim: the drop down menu will allow you to view and select one option

Number of victims: enter the number of victims involved in the incident

Violent Incident with Physical Injury: If yes, click this box

Suspension / Expulsion Code: optional; use only when the school building is importing data. If left blank, the STARS system will automatically default this code.

Comments: optional; districts have requested space for making notes about an incident; this is not a required field and can be left blank.

Click “Save”

The incident data must be entered first and saved before the student data can be entered.

Import / Export

In response to schools who collect SET data with their local reporting system, DPI STARS was updated to allow schools to import or export data to transfer the incident information from their local reporting system into STARS. Using the left column Tools, the ability to import and export is available. Contact DPI Management Information Systems at (701) 328-3235 or (701) 328-2371 for Import/Export Layouts Incidents or Students directions.

E. Add Students

- After entering the incident, saving, and validating, a **green** box in the upper right corner which reads **SAVE COMPLETE** will appear. Scroll down and click on “Add Students”
- You have the option to search for the student by grade (drop down menu) or last name. This is a time saving option when you have a large student body list to select from or multiple students with the same last name
- If you want to view all student names, click the “Filter” button
- Click in the box on the left side of student’s name
- Click “Select” button in left column
- Student data is linked to the Enrollment report; incidents must be entered for students currently enrolled in your school
 1. The student state ID number entered in Enrollment stays with the student K-12
 2. If an out-of-state student starts school, the STARS Enrollment Report can be accessed for assignment of a number without waiting until the end of the year

North Dakota Department of Public Instruction

3. If a student does not have a number when the Enrollment is entered on the STARS at the end of the year (June 30) the student will be assigned a number at that time
- Enter removal days by the number of school days; the system allows you to enter full days, partial days, or both.
- Check the box if a weapon violation resulted in a full year expulsion or less than a full year expulsion; check the box if the incident resulted in a law enforcement or School Resource Officer (SRO) referral, or if the student was arrested as a result of the incident.
- If the student was marked as special education, a primary disability needs to be selected.

North Dakota law (NDCC 15.1-19-10) requires that school districts have a policy in place for the expulsion of a student who is determined to have brought a firearm to school, and that the expulsion must be for a period of not less than one calendar year unless the school board modifies the expulsion. If the incident includes a firearm (see Glossary for definition) then a check must be entered in the appropriate field to signify if the expulsion was for a full calendar year, or was shortened by school board decision.

- From the menu of “Action Codes”, select the most appropriate administrative action taken

To ensure data entry is saved, it is best to:

1. Add Incident
2. Save
3. Add Student
4. Save
5. Validate

Click “Return to Incident List” to enter another incident.

Repeat this process until all data is entered

If you need to delete an incident, click the garbage can symbol found to the left of the student name and incident. Delete the student section first, then delete the incident.

1. Click under incident to get to student section
2. Click on the garbage can next to name
3. Click on ‘return to incident’
4. Click on garbage can next to incident

F. Validation errors

When you click Validate, if the data is not complete or has an error, the Validation Summary will identify the specific errors or warnings. The ‘Description’ will explain the error. The ‘Incident’ (click on the incident to be corrected) will return you to the screen where the error is located and corrections can be made. Save and Validate. This will return you to the Validation Summary. Repeat this process until all validations are addressed and cleared, at which time the screen message will read “**VALIDATION SUCCEEDED**”.

G. Under Functions click “Check In”

North Dakota Department of Public Instruction

H. When all incidents have been entered and your report is complete, under Functions - click “Submit”. The screen message should read ‘You have successfully submitted Suspension, Expulsion and Truancy’. You can then **log out**

The STARS system allows you to enter incidents the day they occur. Save and Validate after entries are made, but **only submit SET report once at the end of the school year.** Once the data has been submitted the information will be locked; you must contact DPI Office of Educational Equity & Support to have your building report un-submitted to make changes or additions.

Special Education related definitions:

Removal by a Hearing Officer: those instances in which an impartial hearing officer orders the removal of children with disabilities from their current educational placement to an appropriate alternative educational setting for not more than 45 days based on the hearing officer's determination that maintaining the child's current placement is substantially likely to result in injury to the child or others. The IEP team is responsible for determining the interim alternative educational setting. (EdFacts)

Unilateral Removal: instances in which school personnel (not the IEP team) order the removal of children with disabilities from their current educational placement to an appropriate interim alternative educational setting for not more than 45 days. **The IEP team is responsible for determining the interim alternative educational setting. Unilateral removals do NOT include decisions by the IEP team to change a student's placement.** (EdFacts)

Interim Alternative Educational Setting: an appropriate temporary setting determined by the child's IEP team in which the child is placed for no more than 45 days. This setting enables the child to continue to receive educational services and participate in the general education curriculum (although in another setting) and to progress toward meeting the goals set out in the IEP. As appropriate, the setting includes a functional behavioral assessment and behavioral intervention services and modifications to address the behavior violation so that it does not recur. (EdFacts)
