## **General Instructions For Completing Nonlicensed Personnel Forms (Per02)**

**Reporting Requirements:** The personnel form (PER02) for nonlicensed positions must be completed for staff members who are performing activities which, although in the service of the Local Education Agency (LEA), relate to those areas which do not require a teaching license issued by Education Standards and Practices Board. This includes professional personnel as well as technical/ancillary personnel.

All personnel in a position not requiring a license employed by an LEA including public schools, career and technology centers, special education units, schools operated by the BIE, state institution schools, and nonpublic schools must complete a PER02 form.

Special education personnel must report all employed personnel providing support services to students with disabilities, including personnel contracted to provide services to students with disabilities from another agency (e.g., occupational therapists).

**Coding:** Please use the PER02 data item codes found in this manual when completing the form. This is necessary to understand the information requested and how the responses are to be coded and recorded. Select the most accurate response, even though the response may not describe your situation exactly. Item numbers in this manual refer to the numbers that appear on the printed report.

**Online Forms:** These forms are to be completed through the State Automated Reporting System (STARS) (<https://secure.apps.state.nd.us/dpi/stars/Login.aspx>). The preprinted PER02 report includes personnel employed in your LEA last year. Please review all data items and make the appropriate corrections according to the instructions in this publication. Add a new record for each new employee. Delete the record if the person is no longer employed.

**Preprinted Forms:** A collection form (worksheet) can be generated from the online system to collect data. Please review all preprinted data items, note discrepancies or changes, and make the appropriate corrections in the space provided according to the instructions in this publication.

**Multiple Assignments/Schools:** An individual who provides services at more than one school within an LEA or more than one LEA must be listed on each form where these services are provided. Complete all data items on each form. Individuals who provide services on an LEA-wide basis (e.g., business manager or foreman) should be listed on only one form.

**Submission Date/Procedures:** Please submit the completed forms to Management Information Systems, Department of Public Instruction *on or before September 19*. Once the online PER02 forms have been submitted, it is recommended that copies are printed for your files. Copies of forms may be required by your county superintendent/designee. When relevant, graded elementary and rural LEA forms will be processed through the county superintendent's/designee's office.

**Records Retention:** It is recommended that forms be retained for the current year and four previous years.

Time: The percent of a staff member's time devoted to his or her assignments. The percent of time for all assignments must equal the percent in Item 14. Enter at least 1 in this block for substitute bus drivers.

Example 1: A custodian working eight hours per day, 240 days per year would enter 100 in the MAJOR ASSIGNMENT time block.

Example 2: A staff member who spends 75 percent of his or her time as a custodian and 25 percent as a bus driver would have two assignments. For this example, 75 should be reported in the Time block under Item 11, MAJOR ASSIGNMENT, and 25 in the Time block under Item 11, OTHER ASSIGNMENT 1.

- 14. FULL-TIME EQUIVALENCY: Record the percentage of the employment time of a staff member in his or her LEA. Do not use a percent sign or decimal point. (Note: The online system automatically calculates the sum of the assignment times.)

Example: A staff member employed five days a week for eight hours per day would be considered a full-time staff member expressed as 100. A staff member employed only half of the eight-hour day five days per week would have an equivalency of 50 FTE.
