

## **ACT Accommodations and Exemptions**

### **ACT**

Only ACT approved accommodations will be allowed on the ACT. Students must apply directly to ACT for approval of accommodations. School personnel will assist students in accommodation(s) application. In mid-November, schools will receive specific information and directions from ACT about how to file a request for accommodations. Deadline for application for accommodations is January of each year.

### **Testing Window**

Tests for students with accommodations will be administered during the two week ACT and WorkKeys testing window each year.

### **Exemptions**

An IEP may exempt a student from taking either test if that is in the best interest of the student, i.e., a student with a low level of cognitive ability. The State defers this decision to the schools as the school personnel working closely with the special education student are in the best position to make a judgment about exemption.
