

Granting Permissions in STARS for Direct Certification

The District Administrator grants the permissions to access Direct Certification in STARS. Once the administrator is logged into STARS, the administrator goes into Manage Users. The administrator then enters the new user's ND Login ID.

If that is not known, the administrator can click on the User's Name link, then enter the user's first and last name.

Click on Search, and then click on the blue link to the user's login ID

Manage Users

To manage which users have permission to reports, begin by searching for the user. You can search by the user's State of North Dakota Login ID, first and last name or by users with permission to the selected educational unit. If one user is found, the user information will be displayed. If more than one user is found, select the user you would like to manage by clicking on the user's name.

Under Educational Units, expand the LEA Folder

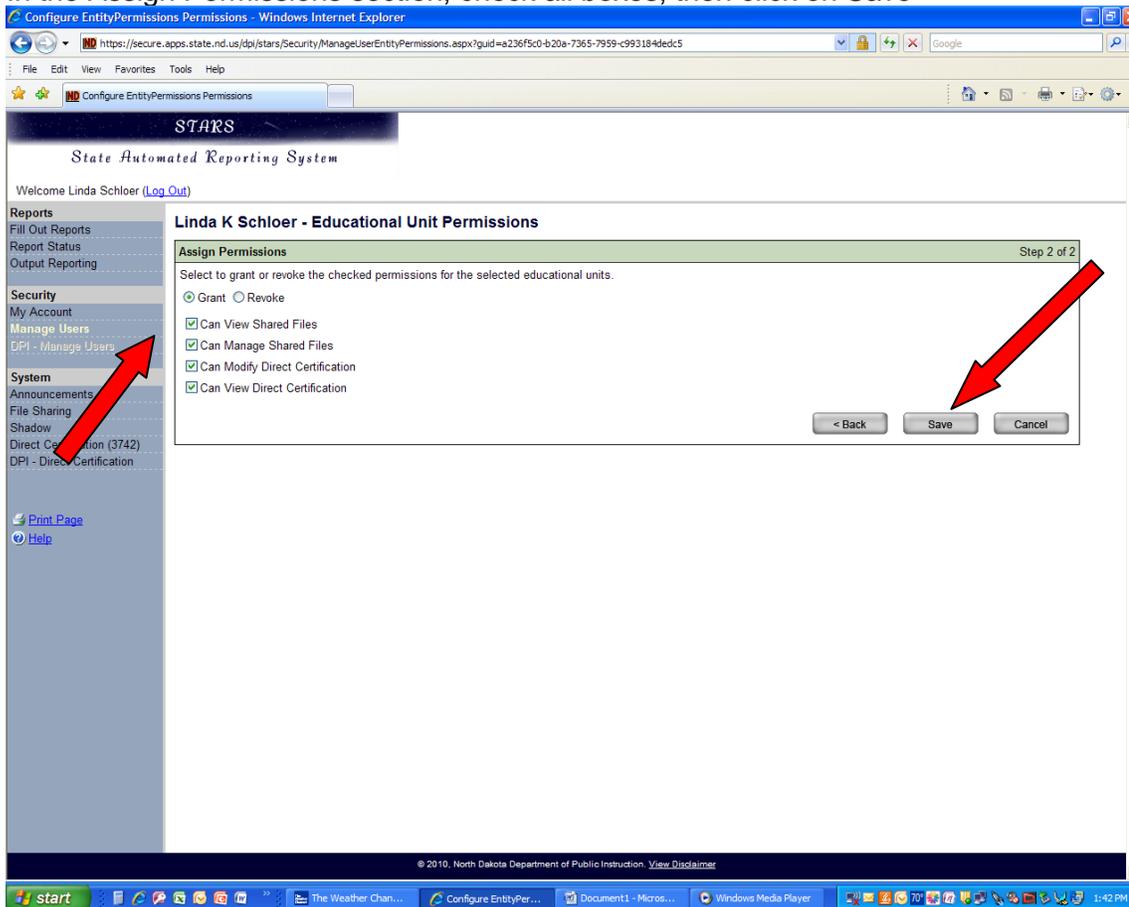

The screenshot shows the STARS web application interface. The main content area is titled "Linda K Schloer - Educational Unit Permissions" and "Step 1 of 2". It contains a section "Select Educational Unit" with the instruction "Select the educational unit(s) you would like to grant/revoke educational unit permissions for." Below this, there is a tree view under "Educational Units" with three items: "Public LEA", "Nonpublic LEA", and "BIA / Grant LEA". A red arrow points to the "Educational Units" folder in the left sidebar.

Choose the LEA by checking the box. Then click Next

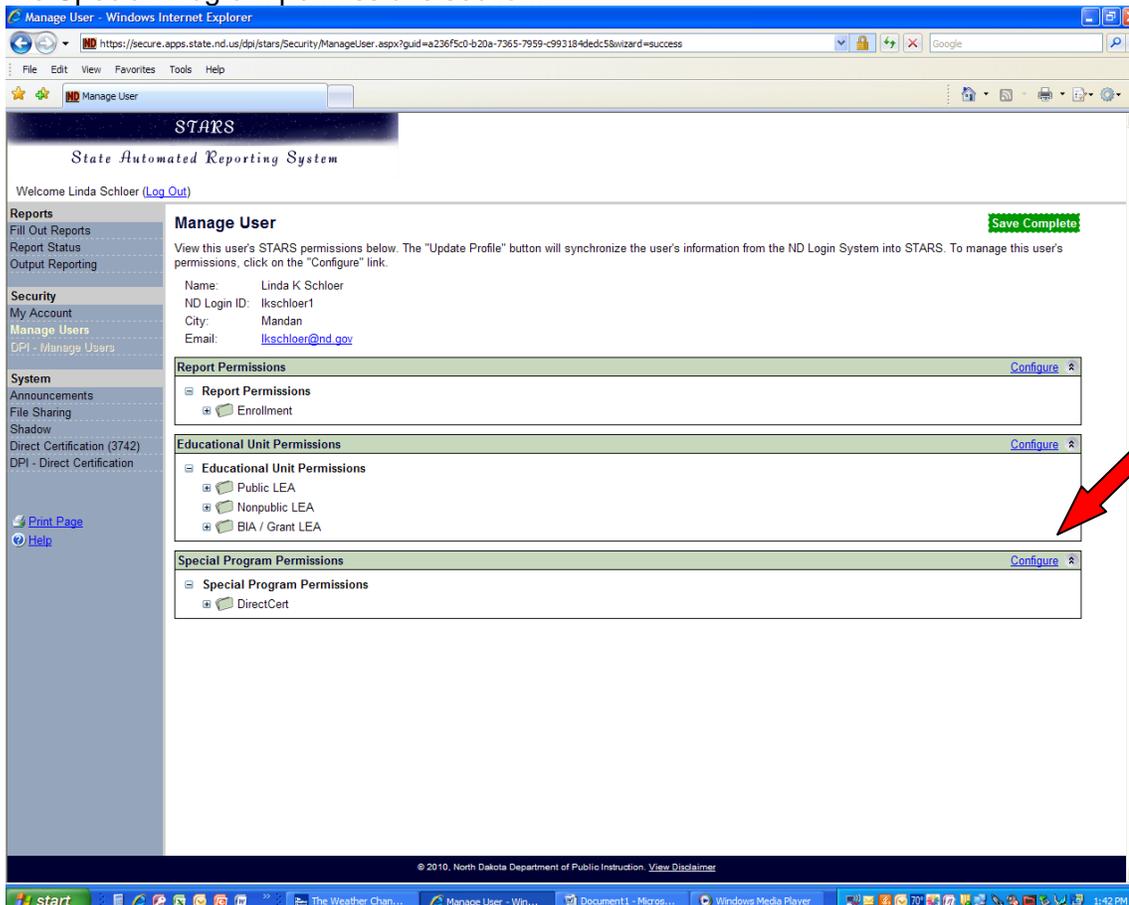

The screenshot shows the STARS web application interface. The main content area is titled "Linda K Schloer - Educational Unit Permissions" and "Step 1 of 2". It contains a section "Select Educational Unit" with the instruction "Select the educational unit(s) you would like to grant/revoke educational unit permissions for." Below this, there is a list of educational units with checkboxes. The "DPI DISTRICT (Ourtown) 99-999" checkbox is checked. A red arrow points to this checkbox, and another red arrow points to the "> Next" button.

In the Assign Permissions section, check all boxes, then click on Save

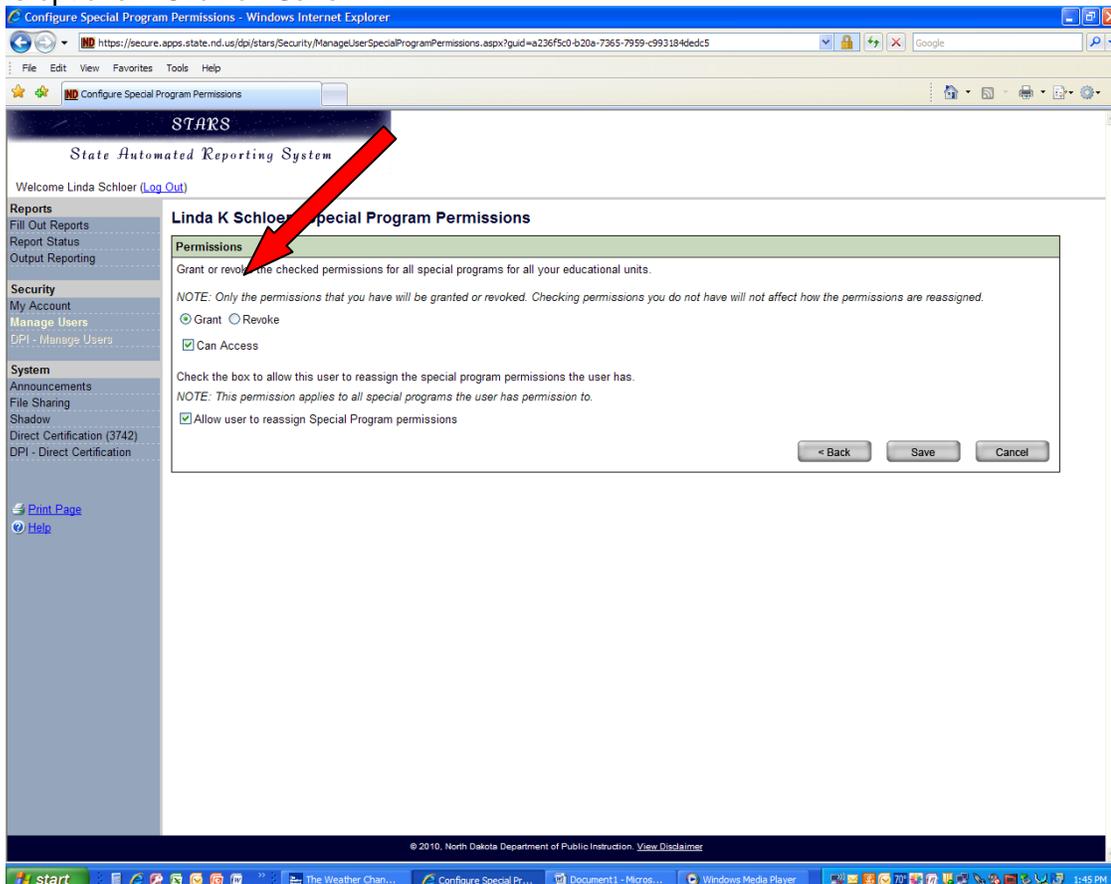

The Administrator then sets up Special Programs permissions for the User. First, choose the Configure link in the Special Program permissions section.

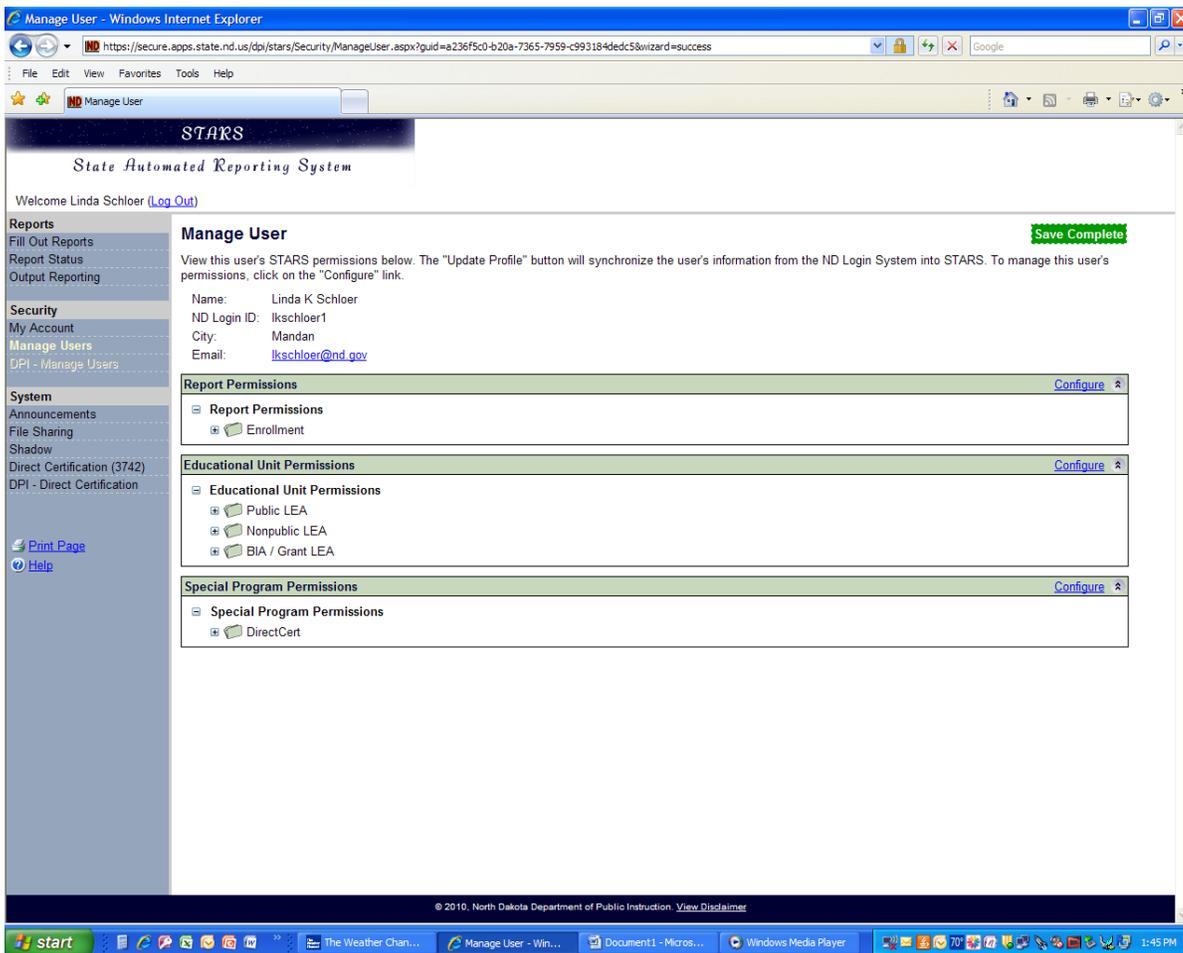

Depending on the user's responsibilities, the user may be given permissions for all Special Programs, or permission for one special program – Direct Cert, for all educational units. Then click Next

Then click on the radio button beside Grant and check the Can Access box. The "Allow user to reassign" box is optional. Click on Save

The user should now have access to all Direct Certification System functions.

Direct Certification System

for Determining Students Eligible for
Free Meals at School

North Dakota Department of Public Instruction

Child Nutrition and Food Distribution Programs

Wayne G. Sanstead, State Superintendent

Direct Certification

- Purpose:
 - To identify students receiving SNAP* (formerly Food Stamps) and/or TANF* benefits.
 - These students are automatically eligible for free school meals.
 - Parents/guardians do not have to fill out application form and schools do not have to process the form.
 - Since applications aren't needed, meal benefits may be provided quickly, preventing unpaid meal charges or students who go hungry.
 - All public and private schools participating in School Lunch and School Breakfast.

*SNAP – Supplemental Nutrition Assistance Program

*TANF – Temporary Assistance for Needy Families

New Direct Certification System

- Utilizes Student Enrollment data in the State Automated Reporting System (STARS)
- Implementation - Fall 2010-2011
- During the first year of implementation, the former method of Direct Certification will also be completed and Excel lists of matched students will be provided in early August.

Process for the New Direct Certification

- Student enrollment information from STARS is sent to Department of Human Services (DHS) data hub
- DHS data is matched with DPI data
- Student matches (linkages) are broadcast back to STARS
- Districts are notified of matches. Once enrolled, the list of students may be exported to other systems at the district level.

Process to Enroll Students as Direct Certification

- Schools are provided with a notification list of enrolled students that have been matched with DHS SNAP/TANF participation data.
- School acknowledges student as enrolled.
 - Once acknowledged, student will be marked as receiving Direct Certification under Special Programs section of Student Detail in STARS.
- If student is not at that school, school indicates that the student is not enrolled, and the student is placed in a “research” file for DPI.

Unmatched School Aged Children

- If direct match can't be made to student enrollment, child's information will be broadcast out to schools at 5 closest zip codes to child's DHS zip code.
- If none of those schools acknowledge child, DPI may research further by sending information out to additional schools of their choice.

Beginning of School Year

- DPI opens up enrollment for the new school year in STARS.
- Schools rollover their enrollment from the previous school year.
- The Direct Certification match process occurs once enrollment is populated for new school year.
- As enrollment is updated by school, direct certification system will send notifications.

Remember

- All students eligible last school year remain eligible for the first 30 days of this year or until their eligibility is re-determined through Direct Certification or application form.
- All students on notification lists at the beginning of the school year are new determinations for the new school year.

During the School Year

- Student receiving SNAP/TANF transfers into district
 - School enters student enrollment information into STARS, new match will occur and school will be notified.
- Enrolled student becomes eligible for SNAP/TANF
 - If enrollment information is in STARS, a match will occur and school will be notified
 - If no enrollment information is in STARS, the broadcast and research process will begin.

Additional Things to Remember

- Direct Certification students do not have to submit free/reduced price applications.
- All other school aged children in household of a Direct Certified student are also eligible for free meals. If a match does not occur through STARS process, but additional enrolled children reside in the household of a child on the list, document relationship manually and provide free meal benefits.

Additional Things to Remember

- Households must be notified that they have been determined eligible for free meals.
 - Use the “Notification of Predetermined Eligibility” letter.
[http://www.dpi.state.nd.us/child/snp/tools/notific PE.pdf](http://www.dpi.state.nd.us/child/snp/tools/notific_PE.pdf)
- Households may refuse benefits. If so, document and change student eligibility.
- Eligibility is good for the entire school year and 30 days into the next school year. Regardless of household changes or residential circumstances.

Make it Work

- Matches are much more successful when student address is entered in STARS.
- Schools should update student enrollment in a timely manner.
- Private schools must utilize STARS for student enrollment to receive their Direct Certification information.

Accessing Direct Certification in STARS

- Identify the person(s) who will be accessing the student eligibility information on STARS.
- This person should be the person currently responsible for determining free/reduced price applications and/or maintaining the roster of free/reduced price students.
- Access to the Direct Certification system must be limited to only those persons authorized to access free/reduced price eligibility information. This information must be kept confidential.
- The district administrator must grant permission in STARS for that person(s) to access the Direct Certification system.

Accessing STARS

- To access STARS, the user must first obtain a State of North Dakota Login ID, a Login ID can be obtained at this link:
<https://secure.apps.state.nd.us/itd/ldap/registration.htm>
- The district administrator will need to assign permissions to the user in order to be able to use STARS. A help document is available to assist District Administrators in setting up STARS users. This document is found at
<http://www.dpi.state.nd.us/resource/STARS/Reports/managersusers.pdf>
- Once permissions have been granted by the District Administrator, the user will be able to use their State of North Dakota Login ID and password to access STARS. The STARS application is found at
<https://secure.apps.state.nd.us/dpi/stars/Login.aspx>
