### Schoolwide Statement of Intent

Please accept this Statement of Intent documenting our plans to pursue Title I schoolwide status. We understand that a documented schoolwide planning year must be completed and approval must be granted before a school may be officially eligible to operate a Title I schoolwide program. Only upon official approval from the Office of Federal Title Programs will the school be able to operate as a Title I schoolwide program.

### Documentation of Poverty Percentage – Choose Option Below:

Option 1:		
<input type="checkbox"/> 40% Poverty Documented - In order for a school to operate as a schoolwide program, the law requires that a school have a poverty level of at least 40%. Most often, schools document this poverty level through its free/reduced meal program. The Office of Federal Title Programs requires that schools interested in pursuing the schoolwide planning year complete the information below recording the poverty percentage and provide supporting documentation to evidence the poverty percentage. This document is retained at the Office of Federal Title Programs. The school must also keep this documentation on file for record keeping purposes.

Option 2:		
<input type="checkbox"/> 40% Poverty NDDPI Waiver Option – A school that serves an eligible school attendance area in which less than 40% of the children are from low-income families, or a school for which less than 40% of the children enrolled in the school are from such families, may operate a schoolwide program under federal law, as the school is receiving a waiver from the North Dakota Department of Public Instruction (NDDPI). <b>Please note:</b> By choosing this option, the school assures that it must take into account how a schoolwide program will best serve the needs of the students in the school served in improving academic achievement and other factors. The school has attached supporting documentation outlining this information and will be kept on file to document this waiver option.

### Required Information Session

<p>The schoolwide planning year requires an information session for <u>all instructional staff and administrators</u> at the school. This involves an all staff presentation on the requirements of schoolwide programming, the responsibilities of all staff when planning and operating as schoolwide program and how schoolwide differs from Title I targeted assistance programming. This session takes approximately 30 minutes and is available as a recorded webinar.</p> <p>Below, please indicate the <b><u>date and time</u></b> that the school will review the webinar on the NDDPI website.</p> <p><b><u>Please note:</u></b> Sign-in sheets must be submitted to the Office of Federal Title Programs to ensure attendance.</p>
