5. Record of Bond Elections (Enter bond elections held between October 1 of last year and September 30 of this year.)

a. Date(s) of Election(s)	b. Amount Proposed	Votes	
		Yes	No

**Distribution - Return the original to the Superintendent of Public Instruction. Provide one copy to the County Superintendent of Schools or designee, one copy to the School District, and retain one copy in the files of the County Auditor.**

## INSTRUCTIONS:

1. Tax Year in which taxes were levied.
2. Enter county number, district number and district name.
3. Taxable Valuation - "net assessed valuation" signifies the valuation remaining after deducting exemptions and making other deductions from the original full-assessed valuation, and is the valuation upon which the rate of levy finally is computed and against which the taxes finally are extended. **The county where the school district's office is located must report the total valuation of the district, including the valuation of property located in other counties.** Report the net total taxable valuation for all classifications of property to give the Total Taxable Valuation of the school district located in all counties.
4.
  - a) **Amount of tax levied:** Complete this item for all fund levies. If areas are taxed differently within the same district, aggregate and place in this column. (DO NOT LIST THESE AREA LEVIES INDIVIDUALLY.)
  - b) **Tax rate in mills:** To find the tax rate in mills divide the tax levied for each fund by the taxable valuation on line 2. Carry two decimal places only. Example (xxx.xx)
  - c) **Number of votes in election:** Enter the number of yes and no votes for the fund elections held between October 1 of last year and September 30 of this year. Those funds that have the election information crossed out do not require an election.
  - d) **Type of levy:** These items pertain to the general fund only. Check the type of general fund levy approved in your district. The following is a definition of types of levies:

A regular levy is one that is authorized by law to be established by the school board without additional authority from the taxpayers of the school district.

A specified levy is a levy set by the school board and approved by an election which requires a simple majority in districts over 4,000 and 55% majority in districts under 4,000 population. (N.D.C.C. 57-15-14)

An unlimited levy is one that has been authorized by an election and gives the school board authority to establish any levy. This authority is terminated effective for taxable years after 2015. (N.D.C.C. § 57-15-14)

5. Record of Bond Elections:

Enter each bond issue election held between October 1 of last year and September 30 of this year. Report the date (month, day, year - EXAMPLE: 9-9-99), the amounts proposed and the number of yes and no votes.

6. Distribution of forms

Return the original to the Superintendent of Public Instruction on or before **DECEMBER 1** of this year. Provide one copy to the County Superintendent of Schools, one copy to the School District, and retain one copy in the files of the County Auditor.
