This is to inform you that the Autism Spectrum Disorder program may be available to you in place of admission to an ICF/IID facility. A Participant Service Plan was prepared specifically for you. Please review it carefully. If you are eligible for medical assistance, you have the choice of receiving the services listed in the Individual Care Plan or receiving care in an ICF/IID facility. Should you choose to receive care in an ICF/IID facility, the service manager named above can assist you in selecting a facility to meet your needs.

You have the right to consult with whomever you choose before making this decision, including friends, relatives, and advocacy organizations. You may authorize any of these individuals to contact the service manager named above to provide information to assist you in making this decision.

If you choose to receive the services described in the Individual Care Plan, your case will be reviewed to determine that you are eligible for the Medicaid-reimbursed Autism Spectrum Disorder program. If, for any reason, you are found to be ineligible, you will receive written notice of your ineligibility and an explanation of your appeal rights.

☐ I wish to receive the services described in the signed Particpant Service Plan rather than receiving care in an ICF/IID facility.

☐ I do not wish to receive the services described in the signed Participant Service Plan, and request care in an ICF/IID facility.
