- a. Advise the department each time the department reviews early childhood services rules;
- b. Upon the completion of the department's review, with the assistance of the department, conduct an analysis of and make recommendations to the department regarding the department's review of the early childhood services rules, however, final approval of any administrative rule changes must be completed through the administrative rulemaking process set forth in chapter 28-32; and
- c. On an ongoing basis, make recommendations to the department regarding changes and revisions to the early childhood services rules. The recommendations, the goal of which is to streamline and improve the quality of the early childhood services process, must seek to balance the need for rules that ensure safe quality child care with the need to revise or eliminate rules that create unnecessary barriers for early childhood service providers.
