

**EXPLANATION OF CLIENT CHOICE
 MEDICAID WAIVER SERVICES FOR THE AGED AND DISABLED**

NORTH DAKOTA DEPARTMENT OF HUMAN SERVICES
 AGING SERVICES/HOME AND COMMUNITY BASED SERVICES (HCBS)
 SFN 1597 (5-2020)

Client Name (Last, First, Middle)			Client Identification Number (ND Number) ND
Address			County of Residence
City	State	ZIP Code	Case Manager

This is to inform you that home and community based services may be available to you in place of admission to a nursing home. An individual plan of care was prepared specifically for you. Please review it carefully. If you are eligible for medical assistance, you have the choice of receiving the services listed in the individual plan of care or receiving care in a nursing home. Should you choose to receive care in a nursing home, the case manager named above can assist you in selecting a facility to meet your needs.

You have the right to consult with whomever you choose before making this decision, including friends, relatives, and advocacy organizations. You may authorize any of these individuals to contact the case manager named above to provide information to assist you in making this decision.

If you choose to receive the services described in the individual plan of care, your case will be reviewed to determine that you are eligible for Medicaid reimbursed home and community based services for the aged or disabled. If, for any reason, you are found to be ineligible, you will receive written notice of your ineligibility and an explanation of your appeal rights.

- I wish to receive the services described in the attached individual plan of care rather than receiving care in a nursing home.
- I do not wish to receive the services described in the attached individual plan of care and request care in a nursing home.

Relationship to Client	

Adult Day Care: A program of non-residential activities provided at least three (3) hours per day on a regularly scheduled basis one or more days per week and encompasses both health and social services needed to insure the optimal functioning of the individual.

Adult Foster Care: Includes the provision of 24 hour room, board, supervision and possibly other care, to adults who are determined to be unable to function independently and may benefit from a family home environment. The care is provided in a licensed private home.

Adult Residential Care: Service provided in a facility in which at least five (5) unrelated adults reside, and in which personal care, therapeutic, social and recreational programming is provided in conjunction with residing in the facility. This service includes 24-hour on-site response staff to meet scheduled and unpredictable needs and to provide supervision, safety and security.

Agency Foster Care: Licensed home-like setting where Residential Habilitation or Community Support Services can be provided for up to 4 adults up to 24 hours a day.

Case Management Service: HCBS case management is the process within the framework of generic social work practice of providing specialized assistance to aged and disabled individuals desiring and needing help in selecting and/or obtaining resources and services.

Chore Service: Tasks which would enable the client to remain in the home. These tasks include heavy housework and periodic cleaning, professional extermination, snow removal, and the task must be the responsibility of the client and not the responsibility of the landlord. Emergency response systems (ERS) electronic device enabling the client to secure help in an emergency by activating the "help" button are also available under this service.

Community Supports: All-inclusive service for individuals who require daily support for up to 24 hours per day in their home or agency foster care setting.

Community Transition Services: Assist eligible individuals transitioning from an institution or another provider-operated living arrangement (to include skilled nursing facility, adult residential, adult foster care, basic care and assisted living) to a living arrangement in a private residence where the client is directly responsible for his/her own living expenses and needs non-recurring set-up expenses.

Companionship: Non-medical care, supervision and socialization activities that have a therapeutic component provided to an individual with physical disability.

Environmental Modification: Physical adaptations to the home necessary to ensure the health, welfare and safety of the client or enables the client to function with greater independence in their home.

Extended Personal Care Service: Completion of tasks that are medical in nature and specific to the needs of an eligible individual. This service may include nursing care to the extent permitted by state law that will maintain the health and well-being of the individual and allow the individual to remain in the community.

Family Personal Care: Assist individuals to remain with their family members or spouse in their own communities.

Home Delivered Meals: Provide a well-balanced meal to individuals who live alone and are unable to prepare an adequate meal for themselves, or who live with an individual who is unable or not available to prepare an adequate meal for the recipient.

Homemaker Service: Provision of non-personal (environmental) care tasks such as light duty housekeeping, laundry, meal planning and preparation and shopping that enables the individual to maintain independence.

Non-Medical Transportation: Transportation that enables individuals to access essential community resources/services such as grocery, pharmacy, banking, post office, laundromat, utility company and social security office, in order to maintain themselves in their home and community setting. Non-Medical Transportation Driver with Vehicle: Driver with vehicle is considered as solely transporting the client. It is taking the client to and from his/her home and points of destination. Non-Medical Transportation Escort: is solely accompanying the client for the purpose of assisting in boarding and exiting as well as during transport in order that the client may complete the activity for which (non-medical) transportation is authorized.

Residential Habilitation: Formalized training and up to 24 hour, daily support to individuals who could benefit from skills training, restoration or maintenance care in their home or an agency foster care setting.

Respite Care: Care to an eligible individual for a specified period of time for the purpose of providing temporary relief to the individual's primary caregiver from the stresses and demands associated with daily care or emergencies.

Specialized Equipment and Supplies: Specialized equipment and supplies to include devices, controls or appliances specified in the plan of care, which enable recipients to increase their abilities to perform activities of daily living, or to perceive, control or communicate with the environment in which they live.

Supervision: Up to 24 hours of supervision may be provided to eligible individuals who because of their disability need monitoring to assure their continued health and safety.

Supported Employment Services: Provision of intensive, ongoing support to individuals to perform in a work setting with adaptations, supervision and training relating to the person's disability. This would not include supervisory or training activities provided in a typical business setting. This service is conducted in a work setting, mainly in a work site in which persons without disabilities are employed.

Transitional Living Service: Provision of training an individual to live with greater independence in the individual's home. This includes training, supervision or assistance to the individual with self-care, communication skills, socialization, sensory/motor development, reduction/elimination of maladaptive behavior, community living and mobility.
