ALTERNATE PROCUREMENT REQUEST

Occasionally, a fully competitive procurement process may be difficult or impossible. Procurement is noncompetitive when there is no bidding process. Limited competition procurements occur when competition is possible, but restricted to particular suppliers or products. These procurements are exceptions to the state policy that purchases be completed through full competition with fair and equal opportunity to all qualified vendors. Limited and non-competitive procurements should only be used when truly necessary and authorized by state law or rule. Contact the OMB State Procurement Office at 701-328-2740 for assistance.

Approval Authority

The OMB State Procurement Office must approve all determinations \$10,000 and over. Any requests to purchase from a GSA contract or another government entity's contract must be reviewed by the OMB State Procurement Office. If the procurement officer has not provided sufficient evidence to make an independent examination and determination of the material facts of the procurement, the approving official may return the request form for additional justification or require a notice of intent to make a limited or non-competitive purchase. Information technology requests over \$25,000 must be approved by the Information Technology Department.

Notice of Intent to Make a Limited or Noncompetitive Purchase

Notice of intent to make a limited or non-competitive purchase may be issued to attempt to identify alternate sources for the needed commodity or service. A notice template is available on the OMB State Procurement Office website. The notice describes the required commodity or service thought to be available only from limited sources or one source, and it invites vendors to contact the procurement officer to propose an alternate source. Use the State Procurement Online system to issue the notice to the appropriate state bidders list and any other known potential bidders. Attach the notice, bidders list, and any responses received to the Alternate Procurement form.
