NDDOT PROJECTS-INERT WASTE BENEFICIAL USE APPLICATION

NORTH DAKOTA DEPARTMENT OF ENVIRONMENTAL QUALITY
DIVISION OF WASTE MANAGEMENT
SFN 58981 (6-2019)

Clear Fields

Telephone: 701-328-5166
Fax Number: 701-328-5200
Website: https://deq.nd.gov/WM

This form is for contractors awarded a project by the North Dakota Department of Transportation (NDDOT) only.
Please read the Department's Guideline 22 - Inert Waste Disposal Variance before completing this beneficial use application. Applications must be thorough and complete to be considered. **Adequate maps and project information should be attached with application.** This form must be completed, signed, and returned to the Department before inert waste beneficial use begins. Please call the Department's Solid Waste Program at 701-328-5166 if there are any questions.

Section 1. Inert Waste Description

Waste Source		Waste Project Number
County	Date of Contract	Completion Date
Site Description		
Project Location		
Responsible Party (contractor awarded bid)		
Waste Type	Waste Volume	Does waste contain asphalt, rebar, or asbestos? ☐ Yes ☐ No

Section 2. Reason or Justification for Beneficial Use (Please describe beneficial use project)

Section 3. Proposed Inert Waste Beneficial Use Location (please be as concise as possible)

SITE LOCATION	Street			City		Total Acreage
	OR	1/4 1/4	Section	Township	Range	County
Name of Property Owner					Telephone Number	
Street Address			City		State	ZIP Code
Mailing Address			City		State	ZIP Code
Present Land Use			Future Land Use			

Section 4. Contractor for Waste Beneficial Use (List any subcontractors on a separate sheet. The main contractor shall remain liable for beneficial use activities.). Please note that project payments may be suspended subject to successful completion of any beneficial use activity

Name	Contact		
Street Address	City	State	ZIP Code
Mailing Address	City	State	ZIP Code
Telephone Number	Mobile/Cell Phone		
Equipment Used for Waste Beneficial Use			

Section 5. Maps Mark which maps accompany the application (see Inert Waste Beneficial Use Requirements in Guideline 38)

☐ Published Soil Survey Map ☐ Unpublished Soil Survey Map ☐ CFSA Map ☐ Topographic Map

Section 6. Beneficial Use Site and Soil Characteristics (NRCS Information) - Include NRCS Soil Maps, Soil Description, and Topographic Map

Site Slope (percent)	Distance to Surface Water (feet)
Soil Type and Texture	Depth to Seasonal High Water Table (feet)

Section 7. Beneficial Use Site Design (enclose appropriate diagrams, maps, cross sections, and narrative)

Site Plan View	
One to Two Cross Sections Showing: Site Design	Waste Placement
Describe Stormwater/Erosion Controls	Final Vegetation
Application must include diagrams of these components — are these enclosed? ☐ Yes ☐ No	

Section 8. District

Name of ND DOT District	District Telephone Number	
Name of District Engineer	U.S.A.C.E. Approval? ☐ Yes ☐ No ☐ N/A	
District Address	City	ZIP Code

For sites located in wetlands, approval from the Division of Water Quality and/or U.S. Army Corps of Engineers may be required.

Section 9. Local Zoning Approval

Inert waste beneficial use must not conflict with local zoning ordinances. Consult with representatives of the applicable zoning jurisdiction (county, township, or city) to determine compliance with zoning ordinances. A representative of the local zoning jurisdiction must sign the application.

Print Name	Zoning Jurisdiction
Signature	Date

Section 10. Signatures. Signatures are required by the party (contractor) responsible for the waste and the owner of the inert waste beneficial use site

Party Responsible for Waste: The inert waste and/or the structure scheduled for demolition has been inspected. Prohibited waste or materials described in the Department's Guideline 22 will not be disposed and/or will be removed prior to demolition. The inert waste beneficial use site will be operated and closed according to the Department's Guideline 22 and Guideline 38.

Contractor Signature	Date

Beneficial Use Site Owner: Placement on my property is acceptable to me and I am knowledgeable of the Federal and State requirements. The site will be maintained after closure to minimize erosion and prevent exposure of waste materials. State inspectors may review and inspect the property described above. No further placement other than that approved by the Department will occur on this site. An “Affidavit and Notice of Disposal Facility” will be completed according to Guideline 22 and filed with the County Register of Deeds. The Department will be provided with a certified copy of the Affidavit within thirty (30) days of filing.

Owner Signature	Date

(Attach additional pages if needed)

Return completed application and supplemental forms/pages to:
