Safe Sleep Education Checklist

<input type="checkbox"/> Safe sleep video viewed.
<input type="checkbox"/> Demonstrate how to place babies in cribs on their backs with reinforcement of what sleep-related deaths (such as SUID) are and an emphasis on the higher risk when baby is sleeping on tummy or side.
<input type="checkbox"/> No pillows, toys, stuffed animals, crib bumpers, blankets or other soft items in crib.
<input type="checkbox"/> Use a firm mattress and a tightly-fitted sheet in the crib.
<input type="checkbox"/> The use of blankets is not recommended. Sleep sacks are a safe alternative. Do not allow baby to overheat.
<input type="checkbox"/> Don't put baby to sleep on sofas, recliners, waterbeds, bean bags, air mattresses, fluffy bedding or adult beds.
<input type="checkbox"/> Car seats, swings, infant seats and similar devices are not safe sleeping environments.
<input type="checkbox"/> An adult bed is dangerous. The baby could roll off, become trapped or suffocate in the bedding, and/or another child or adult could roll on top and suffocate the baby.
<input type="checkbox"/> Do not smoke, drink alcohol, or use nonprescriptive mind-altering drugs around your baby.
<input type="checkbox"/> Consider offering baby a pacifier when placing baby down to sleep.
<input type="checkbox"/> Place crib away from windows to keep baby from getting tangled in the blinds or curtain cords.
<input type="checkbox"/> Discuss safe sleep practices with all child-care providers and family members.
