

Annual Report Reading Competencies Progress Report

Please complete each question as part of the requirements for Program Approval.

1. Based on the survey you completed about the way the IDA standards are taught, what variety of reading skills are practiced in the field experiences?
3. In what ways are students provided opportunity to reflect on the reading strategies they have seen in the field?
4. What progress have you made toward increasing reading competencies in your students in the past year? Please list any training faculty and/or students have participated in related to literacy.
