Application Architecture
Meeting August 11,2015

EA Activity Update

- Survey for Remote Support tool is completed

- https://wssshare.nd.gov/ea/Shared%20Documents/Remote%20Survey-Data%20All.pdf

- Will now compare feature sets and costs of top products

- Will need to contact agencies to clarify license counts

- Lync is still an option but requires an Enterprise CAL from Microsoft per user

- A high end tool will not be low cost

EA Activity Update

- Game & Fish Waiver for Physical Access
  - https://wssshare.nd.gov/ea/Shared%20Documents/Waiver%20-%20GNF%20-%20Physical%20Access.pdf
  - Security Architecture reviewed at August meeting and recommended approval
  - Survey will now follow for all EA participants to provide feedback

ITD Activity Update

- Microsoft Licensing Renewals
  - If your agency is coming due to renew MS Software Assurance soon, you will be locked in for 3 years
  - Consider Office 365 licensing before renewal if your agency plans to move to 365

- BillIT now in production use
  - Feedback from agencies?

- ITD's Annual Customer Survey
  - Survey Results

- Desktop Support SLA

- This slide left blank for security reasons

Scanning outbound email

- This slide left blank for security reasons

ITD's New Web Site

- http://dev.www.nd.gov/itd/

- Responsive design

- Mini Home Page functionality

- Updated Navigation

- Designed with a new nd.gov Portal in mind

- Phase 1 – additional functionality to follow

Enterprise Services Re-Org

The 3 P's:

Planning,

Procurement,

and

Projects

- P.M. Services
- I.T. Portfolio
- P.M. Oversight
- Enterprise Project Management Office
- I.T. Planning
- P.M. Education and Outreach
- I.T. Procurement

Digital Asset Management

- Appears to be a need for a tool to manage digital assets, like photos and other multimedia
  - Many agencies don't have a solution
  - Multi-user tools are not real common
  - Could be a way to share across agencies
  - Could ease concerns over copyright questions
  - Will discuss at September SMUG meeting
