

Agency Operations Plan 2015-17

Agency:

State Auditor's Office (11700)

Line of Business: (optional)

Contact:

Name:	Donald LaFleur
Title:	IS Audit Manager
Phone #:	701-328-4744
Email:	dlafleur@nd.gov

Technology Strategy:

The State Auditor's Office is committed to using technology in accomplishing its mission. The State Auditor's Office operates in three locations, two in the two different office buildings in Bismarck and one in Fargo. Every auditor in the State Auditor's Office has a personal computer assigned to him or her. We operate several networked printers and one networked copier in all three locations.

Audit analysis and write-up is performed using TeamMate, an electronic working paper system, which was purchased by the Auditor's Office and is hosted at ITD.

Technical support is provided by the Information Systems audit staff in addition to their regular audit duties. All information technology services are provided by ITD.

Technology Infrastructure:

Every employee has a desktop or laptop computer.

Planned Activities:

None

Technologies being considered or investigated:

Mobile devices to improve the audit process. Speech to text technology that will allow recordings to be turned into text transcripts.
