The Agriculture in the Classroom Program (AITC) is authorized under chapter 4.1-01-22 of the North Dakota Century Code. The agriculture commissioner shall administer the program with advice of the agriculture in the classroom council.

The agriculture in the classroom council consists of seven individuals including six appointed council members and the superintendent of public instruction or the superintendent's designee.

b) PURPOSE

The North Dakota Department of Agriculture (NDDA) is pleased to announce a competitive solicitation process to award 2019-2021 AITC funds to develop and conduct programs for K-12 agriculture education, and the training of teachers and students in agricultural curriculum activities.

- Secure private and public funding for the Agriculture in the Classroom Program through contributions and grants, with the objective of establishing a financial base for the current and future program needs;
- Coordinate in-service and pre-service training and promotional activities for K-12 teachers;
- Develop and distribute agriculture education information or materials targeting K-12 with a focus on 4th and 8th grade students;

- Develop presentations and coordinate activities for agriculture education in North Dakota;
- Develop and coordinate Agriculture in the Classroom activities for North Dakota educator conferences;
- Develop and coordinate a program of agriculture tours or courses for teachers in North Dakota;
- Develop and coordinate a mini-grant program providing opportunities to expand agriculture education experiences for students;
