Updating AllTopo Software

Step 1

Click on “AllTopo Updates”.
Step 2

Universal ATMGPS Update / Installation Tool
for All Button Box Data loggers:

>>> [click here] <<<

Full Link:
http://www.alltopogps.com/bin/BtnBoxATMGPS_b7583.exe

You may also update your viewer to the latest build with
the blue button #1 on this page reached by this link: [ All
Topo Maps Updates ]

Updated: March 31, 2010 by MES

Click the full link.
Step 3

Click “NEXT”.

This installer will update the Button Box GPS Program that is installed on your computer to ATMV7 Viewer B7583.

It is strongly recommended that you exit the All Topo Map viewer before running this Setup Program.

If you don’t exit the All Topo viewer, you will have to reboot when the installation is complete.
Step 4

Click "NEXT".
Step 5

Choose "ND" Then click "OK". (You may have to minimize all of your windows to LOCATE this box.)
Step 6

Enter your “County Name” if it’s not there. Click “OK”.
Step 7

Click “Finish”.

Congratulations you have now completed your AllTopo update!!
