Please submit this form to an inspector

Name Applicant	Address	City	State	ZIP Code

E-mail Address	Telephone Number	Cell Phone Number	County

INSPECTION MUST BE DONE WITHIN 10 DAYS OF HARVEST

FIELD NUMBER	ACRES	LEGAL DESCRIPTION & COORDINATES		*NOXIOUS WEEDS PRESENT IN FIELD AND FIELD BORDERS	DATE AND *TREATMENT MADE	PLANNED CUTTING DATE
		Lat:	Long:			
		Lat:	Long:			
		Lat:	Long:			

Attach FSA map of each field. Highlight clearly the area to be inspected. Be sure the field number is legible.

***NOTE: All North American Invasive Species Management Association (NAISMA) listed noxious weeds present in the field must be controlled prior to inspection and before the weeds have reached the bud or boot stage. Control methods include herbicides, mowing, tillage, or burning.**

I hereby request the property highlighted on the attached map and listed above be inspected for certification under the North American Invasive Species Management Association standards for weed seed free forage, and agree to the following terms:

1. An inspector ("inspector") may enter the property as necessary for inspection and certification of forage located on the property.
2. I will pay the following fees to NDDA: $2 for each acre inspected, $30 per hour for the inspection and travel time, and mileage at the posted state rate.
3. Forage will not be certified if it does not meet NAISMA standards.
4. I will abide by the appropriate standards during all stages of production, including harvesting, labeling, and storage.
5. NDDA may conduct an investigation of any forage in my possession to verify that I am abiding by the appropriate standards during all stages of production, as required by this agreement. In conducting this investigation an inspector may enter anywhere certified forage is located or stored.
6. I understand that during forage certification, the first two bales will NOT be tagged and certified as a precaution against contaminated equipment.
7. The certification of the forage may be revoked if I fail to abide by the terms of this agreement.
8. I understand that certification is not a warranty of any kind as to the quality of the product from an inspected and certified location, and that the only representation is that forage for sale or resale has been inspected for contamination by weed seeds under the NAISMA standards.
9. The inspector and NDDA are not responsible to any third parties for any damage caused by an applicant's use of inspection reports, certifications, or labels. I agree to hold harmless and indemnify the inspector and NDDA, from any claims based on such damage or loss.
