Firewood ALERT
Help stop the spread of exotic pests

DON’T BRING FIREWOOD INTO NORTH DAKOTA!

Exotic insects like Emerald Ash Borer are a major threat to North Dakota’s trees. Such pests are easily spread to new areas when infested firewood is brought from other states.

If you or someone you know is planning a trip to North Dakota:
- Don’t bring firewood from out-of-state
- Use North Dakota sources of firewood

If you have already brought firewood into the state, do not leave it or take it with you – BURN IT IMMEDIATELY!
