NARRATIVE:

A 2006 International was transporting a load of calves from Stanley to Mandan. The driver exited I94 at exit 156 towards Mandan. The driver was unable to maintain control of the vehicle while negotiating the curve of the cloverleaf. The truck overturned onto the driver's side on the left shoulder. The roof of the trailer breached allowing approximately a dozen head to escape into the median. Law Enforcement, Mandan Fire, and passing motorists contained the loose cattle until assistance could arrive. The remaining cattle were offloaded from the trailer. Three calves died in the crash, and the remaining were taken to Kist Livestock to be examined by veterinarians.
