Updated: Plane Crash Minot International Airport

NARRATIVE:

On 6/12/2022 at approximately 2:19 PM CST, a 2007 Cessna 172N single engine aircraft was attempting to take off at the Minot International Airport. **Jonis Nava** (24, YOA Male-Minot, ND), a student pilot, was unable to get the aircraft fully airborne and crashed. The aircraft received major damage upon impact on the runway. The pilot sustained minor injuries and was transported to Trinity Hospital.

The incident remains under investigation by the FAA. Other assisting agencies include Minot Police Department, Minot Community Ambulance, and Minot Fire Department.
