**NARRATIVE:** On September 4 at approximately 1:45 p.m., the Acura was traveling southbound on the northbound shoulder of Interstate 29 near the tri-level interchange. In this area the median is paved with a raised concrete median barrier, which divides northbound and southbound traffic. At the tri-level interchange, the Acura struck the end of one of the concrete median barriers with the front right of the vehicle. The vehicle came to rest in the west northbound lane, facing west. The driver and sole occupant of the vehicle sustained serious injuries and was transported to a local hospital.

The crash remains under investigation by the ND Highway Patrol.
