

High Winds Topple High Profile Vehicles

On September 2nd, 2019, a severe thunderstorm passed through the Stutsman County area along I-94. Between 4:40 pm and 5:00 pm, NDHP and Stutsman County SO units responded to three separate high profile vehicles that blew over in the storm. The three vehicles that blew over were on I-94 between MM 248 and 250, about 8 miles west of Jamestown. There were no injuries in any of the crashes.

One incident involved a CMV towing a van trailer, the other two involved camper trailers being towed by pickup trucks.
