NARRATIVE: State Radio received a call of a reckless Toyota Tacoma pickup traveling west on I-94. While Law Enforcement units were responding to the reckless vehicle the Toyota left the roadway and entered the median. The Toyota continued to drive a short distance in the median before veering back onto the westbound lanes of travel. The Toyota spun out of control and rolled several times coming to rest on its wheels facing southwest, blocking the right lane. The 66-year-old driver was ejected from the vehicle and died at the scene. Alcohol is not believed to be a factor in this crash. The right westbound lane of I-94 was closed for approximately 2 hours while the crash was investigated.

The crash remains under investigation by the NDHP.

The identity of the driver is being held until family notifications have been made. An updated media release will be sent out at that time.
