NARRATIVE: A 2003 Dodge Durango was traveling west bound on I94 at MM 156 approaching the Grant Marsh Bridge. The driver drove off the right shoulder of the roadway into the bottom of the ditch. The vehicle continued down the bottom of the ditch before vaulting off an embankment. The vehicle went airborne and landed on the south edge of the newly Lewis and Clark Riverboat constructed building. The vehicle came to rest on the driver's side. Facing northwest.

*Due to information of a third occupant in the vehicle Burleigh County Water Rescue was dispatched to the scene. After further investigation it was determined there were only two occupants in the vehicle. A precautionary search was conducted by the dive team with robotic equipment.
