PURPOSE

To establish guidelines when permits may be issued for loads exceeding 105,500 pounds gross vehicle weight but not exceeding 129,000 pounds gross vehicle weight on designated permittable routes.

POLICY STATEMENT

As authorized by section 39-12-05.3 NDCC and Article 38-06 NDAC, the North Dakota Highway Patrol (NDHP) in cooperation with the North Dakota Department of Transportation (NDDOT), may exempt vehicles to exceed a gross weight of 105,500 pounds not to exceed 129,000 pounds. The NDHP may issue single trip, 30-day, or annual permits on designated highways. The highways of travel will be determined by the NDDOT.

The following procedures outline the requirements and methods for issuing these permits.

PROCEDURE

- A. Permit Requirements
 - 1. A permit must be in possession prior to starting any movement. The permit will contain restrictions as deemed necessary by the NDHP and NDDOT. Permits may be revoked by the NDHP when the holder violates any privileges or conditions of a permit.
 - 2. Permits will be sold as a single trip, 30-day, or annual.
 - a. Single trip permits are valid for multiple movements made in one 24-hour period or a one-way trip not to exceed five days.
 - b. Annual permits are valid for a twelve-month period from the date of issuance or expire on December 31st.
- B. Weight Limitations
 - 1. Vehicles must have sufficient number of axles and bridge lengths using the inner and outer bridge formulas as indicated on the maximum weights up to 129,000 pounds chart in this policy.
 - 2. The gross vehicle weight may not exceed 129,000 pounds.
 - 3. Tire and axle weights must be legal.
- C. Travel Restrictions
 - 1. Movements are restricted by the length limitations map, a designated route map, or otherwise posted structures or highways.
 - 2. The 129,000-pound permit does not authorize travel on county and other local roads.
 - 3. When overall length exceeds 75 feet, a 12" x 60" long load sign is required.
 - 4. Overdimensional load movements do not qualify for this permit.
- D. Registration Requirement
 - 1. Vehicles must be legally registered in North Dakota for 105,500 pounds gross vehicle weight. Outof-state vehicles not prorated for 105,500 pounds gross vehicle weight are subject to the \$20 72hour trip permit.
 - a. A non-resident may purchase temporary registration in lieu of a 72-hour trip permit for 6 or 12 months at <u>NDDOT Temporary Registration</u>.

E. Movement During Road Restrictions

- 1. A permit may be issued for movement on highways restricted to legal weights.
 - a. These loads are exempt from ton-mile fees as authorized in 38-06-03-01 NDAC.
- 2. Movement on highways posted less than legal weights is prohibited.

F. Application Procedure

3.

- 1. Permits for loads up to 129,000 pounds may be purchased online at <u>www.nd.gov/ndhp</u>, click on Epermits.

- 2. Information required when obtaining permits:
 - a. Company name, address, and telephone number.
 - b. Description of power unit: year, make, license number and state, VIN number, and ND registered gross vehicle weight (when applicable).
 - c. In the "Remarks Section," show time frame the permit is valid.
 - Information required when obtaining a single trip permit:

 - a. Applications to the permit office may be made in person, by telephone, by e-mail, or through a permit service company.
 - b. Application may also be made with a trooper or motor carrier inspector, in person or by telephone.
- 5. The fee for each single trip permit is \$20. The fee for each 30-day permit is \$100. The fee for an annual permit is \$700.
 - a. A \$8 service and routing fee is charged for each single trip permit.
- 6. A legible electronic or paper copy of the permit must be in possession prior to entering North Dakota or starting movement.
