

## **RENTAL REHAB PROGRAM GRANT DOLLARS AVAILABLE**

BISMARCK – The Industrial Commission recently announced that approximately \$34,000 in Rental Rehab Assistance Program (RRAP) funding is available for rehabilitation of rental property occupied by low-income people with physical disabilities.

“RRAP grants can be used to help in building ramps, installing audio and visual smoke detectors, chair lifts, kitchen faucets, door hardware, and other items that make apartments more easily accessible for individuals with disabilities,” said Governor John Hoeven. “The funding compliments our efforts to enhance the quality of life for all North Dakotans.”

Applications for the RRAP funds, which are administered by the North Dakota Housing Finance Agency (NDHFA), must be received by close of business on May 7.

“Preference is given to nonprofit applicants making improvements that benefit individuals participating in the North Dakota Department of Human Services’ Developmental Disabilities and Vocational Rehabilitation Division programs,” said Agriculture Commissioner Roger Johnson. “Applications that include at least a dollar-for-dollar match receive greater consideration.”

“Financed by the interest cost savings resulting from the refunding of a multifamily bond issue, 69 RRAP grant applications totaling \$446,000.00 have been awarded since the program began in 1996,” said Attorney General Wayne Stenehjem.
