CCT V Proposal – 12/5/92 ✓

**OBJECTIVE / STATEMENT OF WORK**

The objective of this program is to submit a CCT V proposal to the U.S. DOE. The CCT proposal is to construct and operate a liquid transportation fuels from lignite demonstration plant. The proposed demonstration plant would be located at the Great Plains Synfuels Plant near Beulah, ND. The CCT V Program Opportunity Notice required a cost shared proposal be submitted to the U.S. DOE by December 7, 1992. The objective of this proposal is to assist in the preparation of the CCT V proposal.

**STATUS**

A CCT V proposal was submitted by the Dakota Gasification Company on December 5, 1992.
