Work Completed during Period Covered by Report:
(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)
Project at Beach Area at Pheasant Lake Completed 10/30/2020. Earthen Fishing Pier completed with 6:1 Slope. Erosion barrier fabric placed, along with large and medium size rock to sloped area. Coconut erosion barrier placed along remaining shoreline with minimal slope for ease of access to water for angler usage. Remaining area leveled and bladed with grass seed mixture distributed for allowing natural foliage to emerge to allow for mowing maintenance and create walking foot path to access fishing pier and the remaining 250 feet of shoreline access. Overall a beautiful improvement to the lake, shoreline aesthetics. This will be a definite area of high use for fishing and general relaxation, for wildlife viewing, bird watching and general recreational use. The Dickey County Park Board is extremely thankful and grateful to the OHF Commission for their contributions and support of this worthy and beneficial project. Photos of completed project.

This report was prepared pursuant to an agreement with the Industrial Commission of North Dakota, which partially funded the project through the Outdoor Heritage Fund. Project participants, its subcontractors, and the Industrial Commission of North Dakota, or any person acting on its behalf, do not:
