Commissioner of Insurance

BULLETIN 2005-1

TO: All Property and Casualty Insurers Writing Contractual Liability Insurance for Automobile Warranty Programs

FROM: Jim Poolman, Commissioner

DATE: May 26, 2005

SUBJECT: Automobile Warranty Programs – Senate Bill No. 2096

The 2005 North Dakota Legislative Assembly passed Senate Bill No. 2096 which will become law August 1, 2005. A copy of the bill is attached to this bulletin.

1. Surplus and Paid-In Capital Requirements

The law imposes certain surplus and paid-in capital requirements on an entity that writes contractual liability insurance for an automobile dealer or a third-party administrator that issues an automobile warranty contract, automobile mechanical breakdown contract or automobile service contract.

The requirements are:

- A contractual liability company must have surplus and paid-in capital of at least $10 million before it may write contractual liability insurance for automobile warranty and similar programs in North Dakota.

- If a company’s surplus and paid-in capital is more than $10 million but less than $15 million, the entity must demonstrate to the Commissioner by letter and supporting financial documents that the company maintains a ratio of net written premiums, wherever written, to surplus and paid-in capital of not greater than three to one.

2. Certification Requirement

By this bulletin, the Commissioner notifies entities that write contractual liability policies as a back up for automobile warranty and similar programs that the entity must certify to the Commissioner, either:
That its combined surplus and paid-in capital equals or exceeds $15 million; or

That if its surplus and paid-in capital is less than $15 million but more than $10 million, that its ratio of written premiums, wherever written, to surplus and paid-in capital is no greater than three to one.

The certification continues indefinitely, provided, however, that if a company's financial status changes, the company must notify the Commissioner of the following:

- That the combined surplus and paid-in capital that was certified as equaling or exceeding $15 million has decreased to less than $15 million;
- That the combined surplus and paid-in capital that was certified as less than $15 million but more than $10 million has decreased to $10 million or less; or
- That the ratio of written premiums to surplus and paid-in capital has increased to greater than three to one.

Certification can either be on the form attached to this bulletin or by letter.

Telephone: (701) 328-2440
Email: insurance@nd.gov

3. **Filing of Financial Information**

The new law also requires that a company annually file a copy of its annual report and audited financial statements with the Commissioner.

The Commissioner has designated the NAIC as its repository so that if the documents are filed with the NAIC, the documents need not be filed directly with the Commissioner.

AN ACT to amend and reenact section 26.1-40-18 of the North Dakota Century Code, relating to automobile warranty contracts and requirements relating to contractual liability insurance for warranty providers.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 26.1-40-18 of the North Dakota Century Code is amended and reenacted as follows:

1. An automobile dealer or a third-party administrator who issues an automobile warranty contract, automobile mechanical breakdown contract, or automobile service contract shall maintain a policy of insurance which provides coverage for the dealer's or administrator's contractual obligation.

2. The policy must be issued by an insurer licensed, registered, or otherwise authorized to do business in this state. From the time the policy is filed with the commissioner:

   a. The insurer shall maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars and annually file copies of the insurer's audited financial statements, the national association of insurance commissioners annual statement, and the actuarial certification required by and filed in the insurer's state of domicile; or

   b. The insurer shall maintain surplus as to policyholders and paid-in capital of between fifteen million dollars and ten million dollars, demonstrate to the satisfaction of the commissioner that the company maintains a ratio of net written premiums, wherever written, to surplus as to policyholders and paid-in capital of not greater than three to one, and annually file copies of the insurer’s audited financial statements, the national association of insurance commissioners annual statement, and the actuarial certification required by and filed in the insurer's state of domicile.
