RE : REPLACEMENT OF LIFE INSURANCE & ANNUITIES

DATE: August 17, 1982

The North Dakota Insurance Department has determined after consideration of the work of the Life Advisory Committee and the written and oral comments presented at the formal hearing and directly to the department that no rule will be promulgated with regard to replacement of life insurance or annuities at this time.

It is the intention of the department to await the outcome of the ongoing work of the NAIC with regard to a new or amended model rule or act. In the event a major problem should arise with regard to replacements, prior to the NAIC acting, the department may consider implementing a rule at that time.
