Formulary

The Formulary is a list of prescription medication products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Selection criteria include clinical efficacy, safety, and cost effectiveness. Additional medications may be added or removed from the Formulary throughout the year. Sanford Health Plan will publish these changes and notify you by mail if any of the changes impact your cost sharing or accessibility. By logging into your account at www.sanfordhealthplan.com/memberlogin, you can find additional information including: a complete listing of the formulary, pharmacy locator, generic substitution information, drug side effect/interaction and other benefit information.

To be covered by the Plan, drugs must be:

1. Prescribed by a licensed health care professional within the scope of his or her practice;
2. Provided by a Participating Pharmacy except in the event of a medical emergency. If the prescription is obtained at a Non-Participating Pharmacy, the Member is responsible for the prescription medication cost in full. NOTE: If a Member receives Prescription Medications from a Non-participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed. The Member should submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.
3. Approved by the Federal Food and Drug Administration (FDA) for use in the United States.

This information about the Formulary applies only to those medications, including injectable medications that may be covered under this Certificate of Insurance.

By following the Formulary, and asking your healthcare Practitioner for generic medications, you will save money and help control the costs of your health care. **If you request a brand-name medication when there is an equivalent generic alternative available, you will be required to pay the price difference between the brand and the generic in addition to your copay.**

Pharmacy Programs

Please review the following information concerning the drug exclusion list, certification, quantity limits, step therapy and injectable medication programs. If you have any questions or concerns, contact Pharmacy Management at (888) 315-0885, option #1.

Mail Order Programs

Sanford Health Plan offers mail order services through Express Scripts, Inc. To enroll in this service, or if you have questions regarding this program call (800) 243-9800.

Injectable and High Cost Medications Program

Sanford Health Plan has contracted with Express Scripts Specialty Pharmacy (*Accredo*) for specialty medications needs. You can obtain injectable and high cost medications two different ways:

- From Accredo
- From an approved retail pharmacy or Practitioner's office

It is important to obtain approval (preauthorization/prior approval) from Sanford Health Plan before using the medications listed on the following page. If these medications are obtained from a Non-Participating pharmacy or a Practitioner's office without prior approval by the Pharmacy Management Department, the Member may be responsible for the full cost of the medication.

Accredo offers toll-free customer service available by calling (866) 333-9721, 24 hours a day, 365 days a year. You can:

- Order your injectable medications
- Consult with experienced, knowledgeable pharmacists
- Ask a specially trained nurse about your injectable medication

When calling *Accredo*, a customer service representative will ask the following information:

- **Your name and date of birth**
- **Your phone number and address**
- **The name of your injectable medication to be filled**
- **Your doctor's name and phone number**

Accredo will mail your Practitioner a letter explaining the program. By participating in Specialty Care, you are automatically enrolled in a drug therapy management program. This program entitles you to receive the following benefits at no additional charge:

- * Access to nurses and pharmacists 24 hours/day, 7 days/week for questions related to your injectable drug and the illness the drug is treating.
- * Injectable drug refill reminders if you forget to call for your refill, and convenient refill process.
- * Free delivery of your medication and supplies to your home, Practitioner's office or designated location.

If you order from Accredo, they will ship your medication and all the supplies you need for your injection directly to your home or Practitioner's office within 24 to 48 hours after the request is approved and medication is ordered. Administration supplies (syringes, needles etc.) will be included in the shipment. Prior to all shipments, a Patient Admission Specialist will contact you to discuss your cost for your drug and arrange delivery.

The medications on this list, covered under the medical benefit, are subject to your deductible/coinsurance. The medications covered under the pharmacy benefit are subject to cost sharing. To obtain preauthorization/prior approval or determine how the medications will be covered, call Pharmacy Management at (888) 315-0885, option #1 / TTY/TDD: (877) 652-1844.

Note: Generic drugs are indicated in **bold**. Brand name drugs are listed in CAPITAL letters.

Disclaimer: Some of the medications listed below are subject to Step Therapy. Contact the Pharmacy Management Department for details.

Infertility Services

Benefits are subject to \$20,000 Lifetime Benefit Maximum Amount per Member. The medications listed below are available for coverage under the plan. Members are responsible for 20% of the allowed charge on services received, up to the Plan's payment of the Lifetime Benefit Maximum Amount. Note: For Members enrolled in the NDPERS NGF PPO/Basic Dakota Plan, a \$500 Infertility Services Lifetime Deductible Amount applies before the Plan begins to cover services under this benefit.

Covered Infertility Medications

Bravelle	Cetrotide
chorionic gonadotropin	clomiphene citrate
Follistim AQ	Ganirelix Acetate
Gonal- F/RFF/ Redi-Ject	Menopur
Ovidrel	Repronex

For additional information on infertility services, please refer to your Certificate of Insurance.

Step Therapy Program

A step therapy program means that you need to try certain medications before "stepping up" to other medications that are more expensive. This prescription medication program is designed to help keep costs down for you and your Plan as medications are becoming more and more expensive. Your Plan includes the following step therapy programs.

Antidepressant (SSRI and SNRI) Step Therapy

- One generic drug will be required before a brand name medication is authorized. Generic medications will have to have been prescribed at an effective dose for a minimum of 34 days. Documentation of attempt and failure of a generic within the last 12 months will be considered as fulfilling this requirement.
 - Bupropion sr, xl
 - Citalopram
 - Duloxetine
 - Escitalopram
 - Fluvoxamine

- Fluoxetine 20 mg
 - Mirtazapine
 - Paroxetine ir, cr
 - Sertraline
 - Venlafaxine ir, xr capsules and tablets
2. Pristiq will be covered (after a generic SSRI/ SNRI is tried a minimum of 34 days) at the brand name formulary cost sharing level.
 3. Viibryd will be covered (after a generic SSRI/ SNRI is tried a minimum of 34 days) at the brand name formulary cost sharing level.

Crestor/Liptruzet/Zetia Step Therapy

- The Member must have a minimum 34 day trial of one of the following medications in the last 12 months for possible consideration
 - Atorvastatin
 - Fluvastatin
 - Lovastatin
 - Pravastatin
 - Simvastatin

Proton Pump Inhibitors (PPIs) Step Therapy

- A minimum 34 day trial of generic omeprazole, pantoprazole, and rabeprazole are required before approval of a non-formulary PPI will be considered.
- Prior authorization is required for lansoprazole solutabs, first lansoprazole and first omeprazole. This is based on medical necessity for all members over the age of 12 years.

Pre-Authorization/ Prior Approval

Drugs that Require Prospective (Pre-service) Review and Pre-Authorization/Prior Approval

For coverage of formulary exceptions, the following medications require a pre-authorization/prior approval of medical necessity. Fax the pre-authorization/prior approval to the Pharmacy Management Department at (701) 234-4568.

- Byetta; failure of covered oral medications.
- Bydueron; failure of covered oral medications.
- Omega – 3 Acid Ethyl Esters (generic Lovaza); Triglyceride level must be greater than 500
- Testosterone Products (Androderm, Androgel, Axiron, Testoderm, Testosterone Injectable); require two below normal testosterone levels within the last 6 months collected 30 days apart as well as symptoms of testosterone deficiency other than erectile dysfunction.
- Symlin; failure of covered oral medications.
- Trulicity; failure of covered oral medications,
- Uloric; failure of generic allopurinol.
- Victoza; failure of covered oral medications.

Non Formulary Medication

The following medications (and their generic equivalent, if listed) are not included in our formulary, and are considered non-formulary. If your doctor prescribes one of these medications they are considered “covered or eligible” under your health benefits (per your Certificate of Insurance). These medications require preauthorization/prior approval. However, if approved, these medications will cost you more money because they are not on the formulary.

Non-Formulary Drug	Formulary Alternatives
ACCU-CHECK METER/TEST STRIPS	One Touch Ultra, One Touch Ultramini, One Touch Verio
ACIPHEX	omeprazole, pantoprazole, rabeprazole
ACTONEL	alendronate, ibadronate
AEROSPAN	Pulmicort, Flovent, Qvar
ALOCRIL	Patanol, Pataday
ALOMIDE	Patanol, Pataday
ALORA	Vivelle-DOT
ALREX	Patanol, Pataday
ALTOPREV	atorvastatin, simvastatin, Crestor, Liptruzet, Zetia
ALVESCO	Pulmicort, Flovent, Qvar
AMBIEN CR	zolpidem, eszopiclone, zaleplon

Non-Formulary Drug	Formulary Alternatives
ANGELIQ	Prempro, Premphase, Femhrt
ANTARA	fenofibrate generic, Trilipix
APIDRA	Novolog, Novolin
APIDRA SOLOSTAR	Novolog, Novolin
APRISO	Asacol, Delzicol, Pentasa, Lialda
ASMANEX	Pulmicort, Flovent, Qvar
ATELVIA	alendronate, ibadronate
ATRALIN	clindamycin-benzoyl perox, Epiduo, Differen
AVITA	clindamycin-benzoyl perox, Epiduo, Differen
AZOR	amlodipine + losartan
BECONASE AQ	Astepro
BENICAR	losartan, irbesartan, telmisartan

Non-Formulary Drug	Formulary Alternatives
BENICAR HCT	losartan + HCTZ, irbesartan + HCTZ, telmisartan + HCTZ
BEPREVE	Patanol, Pataday
BESIVANCE	Vigamox
BETASERON	Avonex, Rebif, Copaxone
BEYAZ	generic orals, Ortho Tri Cyclen Lo, Nuvaring
BINOSTO	alendronate, ibadronate
BONIVA	alendronate, ibadronate
BREEZE 2	One Touch Ultra, One Touch Ultramini, One Touch Verio
BRINTELLIX	fluoxetine, paroxetine, Viibryd
BRISDELLE	fluoxetine, paroxetine, Viibryd
BROMDAY	Acuvail
BROVANA	Perforomist
CARDURA XL	alfuzosin, finasteride, tamsulosin
CENESTIN	Premarin
CIPRO HC	ofloxacin, Ciprodex
CLIMARA	Combipatch
CONTOUR METER/TEST STRIPS	One Touch Ultra, One Touch Ultramini, One Touch Verio
DEXILANT	omeprazole, pantoprazole, rabeprazole
DIDGET	One Touch Ultra, One Touch Ultramini, One Touch Verio
DIPENTUM	Asacol, Delzicol, Pentasa, Lialda
DUEXIS	famotidine + ibuprofen
DULERA	Symbicort, Advair
DUREZOL	Lotemax
EDARBI	irbesartan, candasartan, losartan, telmisartan
EDARBYCLOR	irbesartan-HCTZ, candasartan-HCTZ, losartan-HCTZ, telmisartan-HCTZ
EDLUAR	zolpidem, eszopiclone, zaleplon
EFFEXOR XR	venlafaxine generic, Cymbalta
EMADINE	Patanol, Pataday
ENABLEX	Vesicare, Toviaz

Limited and Non-Covered Services

Excluded Medications and Supplies

The following medications are specifically **EXCLUDED** from coverage under your Plan. However, by exception, a request for coverage may be considered if a regulation requiring coverage is in place, a formulary exception is made, or a previous pre-authorization/ prior approval has been granted by the Plan. Requests for coverage for these medications will not be considered unless you have tried and failed a Formulary alternative. To request a formulary exception or coverage of an excluded drug, contact the Pharmacy Management Department or complete the Medication Request Form found on your member account at www.sanfordhealthplan.com/memberlogin.

- Replacement of a prescription medication due to loss, damage, or theft
- Outpatient medications dispensed in a Provider’s office or non-retail pharmacy location
- Medications that may be received without charge under a federal, state, or local program
- Medications for cosmetic purposes, including baldness, removal of facial hair, and pigmenting or anti-pigmenting of the skin
- Medications and associated expenses and devices not approved by the FDA for a particular use except as required by law (unless the Practitioner certifies off-label use with a letter of medical necessity)
- Refills of any prescription older than one (1) year
- Compound medications with no legend (prescription) medications
- Acne medication for Members over age thirty (30)
- B-12 injection (except for pernicious anemia)
- Drug Efficacy Study Implementation (“DESI”) medications
- Experimental or Investigational medications not part of an Approved Clinical Trial
- Growth hormone, except when medically indicated and approved by The Plan
- Orthomolecular therapy, including nutrients, vitamins, prenatal vitamins without a written prescription, multi-vitamins with iron and/or fluoride, food supplements and baby formula (except to treat PKU or otherwise required to sustain life or amino acid-based elemental oral formulas), nutritional and electrolyte substances
- Medications, equipment or supplies available over-the-counter (OTC) that by federal or state law do not require a prescription order (except for Plan B and its generic equivalents; insulin; and select diabetic supplies, e.g., insulin syringes, needles, test strips and lancets when prescribed by a health care Practitioner and/or Provider)
- Any medication that is equivalent to an OTC medication except for medications that have a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force and only when prescribed by a health care Practitioner and/or Provider
- Anorexiant or weight management medications (except when Medically Necessary)
- Whole Blood and Blood Components Not Classified as Medications in the United States Pharmacopoeia
- Unit dose packaging

Compounded drug products that contain any combination of baclofen, cyclobenzaprine, ketamine, bupivacaine, orphenadrine, gabapentin, or ketoprofen are **NOT COVERED** due to lack of good quality scientific evidence of effectiveness or safety for these specific ingredient combinations and mode of administration.

Complaints and Appeals Procedure

If you receive an adverse determination to your request for an exception to the formulary, please follow the *Complaints and Appeals Procedure* and the *External Review Rights* in Section 8 and Section 5(e) of your Certificate of Insurance. This applies to requests for coverage of non-covered medications, generic substitutions, therapeutic interchanges and step-therapy protocols.

Definitions

Brand Name Medication- A medication manufactured and marketed under a trademark or name by a specific drug manufacturer.

Clinic/Office/Hospital Outpatient Administered Injectables - Injectable medications that may be given in a variety of settings but must be given by a healthcare professional. The majority of these medications are considered to be a medical benefit with coverage at the deductible and coinsurance level.

Copay (also known as Copayment) - The specified charge (flat dollar amount or percentage) that the Member is required to pay for a Prescription Medication Product.

Covered Drugs - The following types of medications are covered unless subject to an exception listed under “Excluded Drugs and Supplies:”

1. **Federal Legend Drugs:** any medicinal substance which bears the legend, “Caution: Federal Law prohibits dispensing without a prescription,” except for those medicinal substances classified as exempt narcotics pursuant to State law;
2. An injectable medication can be prescribed to either be self-administered or administered by a healthcare professional. Covered injectable medications include insulin. Refer to the Injectable Drug Listing in this book for additional covered drugs.
3. **State Restricted Drugs:** any medicinal substance which may only be dispensed with a prescription according to State law;
4. **Compound Medications:** any medicinal substance which must be mixed, compounded, or otherwise prepared by a registered pharmacist and has at least one ingredient that is a Federal legend or State restricted drug in a therapeutic quantity. Claims must be submitted electronically from the pharmacy for coverage consideration. Refer to the compound section on *Drug Exclusion List* to see policy exclusions;
5. Copayment Amounts do not apply to the following nonprescription diabetes supplies: syringes, lancets, blood glucose test strips, urine test products and control solutions. Prescription Medications or Drugs and nonprescription diabetes supplies are subject to a dispensing limit of a 100- day supply.
6. **Contraceptive drugs and devices (check your Summary of Benefits for drug coverage):** includes but is not limited to oral medications, IUDs, implantable and injectable birth control devices.

Formulary - The Formulary is a list of prescription medication products, which are preferred by the Plan for dispensing to Members when appropriate. This list is subject to periodic review and modifications. Selection criteria include clinical efficacy, safety, and cost effectiveness.

Generic Medications - Medications that (1) are approved by the Food and Drug Administration (FDA) as a therapeutic equivalent to the Brand Name Drug, (2) contain the same active ingredient as the Brand Name Drug, and (3) cost less than the Brand Name equivalent.

Injectable Medication Program – A program designed to meet a member’s injectable and other specialty medication needs.

Medical Benefit - Refers to medications which are covered at the deductible/coinsurance level instead of with a copay.

Medication Exclusion - Sanford Health Plan reserves the right to maintain a listing of medications which are specifically not covered under benefit packages per Plan Certificate of Insurance. Payment for the medications on this list will be the Member’s responsibility in full. Members may request a review of an adverse determination based on issues of medical necessity as it relates to non-covered medications, generic substitution, therapeutic interchanges and step-therapy protocols. Refer to *Drug Exclusion List* above and the *Complaints and Appeals Procedure* in the Member’s Certificate of Insurance.

Member - The Subscriber and, if another Class of Coverage is in force, the Subscriber's Eligible Dependents.

Non-Participating Pharmacy - A pharmacy that does not have a contract with Express Scripts Inc., on behalf of Sanford Health. **NOTE: If a Member receives Prescription Medications from a Non-participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed and to submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.**

Oral Contraceptives – Covered generic Contraceptive drugs and devices will be covered for non-grandfathered health plans with no member cost sharing (no deductible, copays or coinsurance amounts) cost sharing will apply to formulary branded contraceptives.

Over-the-Counter (OTC) Medication - A medication that does not require a prescription order under Federal or State law. Sanford Health Plan does not cover any medications that can be obtained over-the-counter.

Participating Pharmacy - A pharmacy that has contracted with Express Scripts Inc., on behalf of the Plan to deliver prescription medication services to Members. The Participating Pharmacy may be a hospital, pharmacy or other facility that has contractually accepted the terms and conditions set forth by the Health Plan. Refer to the Participating Pharmacy Listing or Express Scripts website found on www.sanfordhealthplan.com/memberlogin. **NOTE: If a Member receives Prescription Medications from a Non-participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed and to submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.**

Preauthorization - The process of the Member or the Member's representative notifying Sanford Health Plan to request approval for specified services. Eligibility for benefits for services requiring Preauthorization is contingent upon compliance with the provisions in Sections 2, 4 and 5. Preauthorization does not guarantee payment of benefits.

Prescription Medication Product - A medication, product or device approved by the Food and Drug Administration (FDA) and dispensed under Federal or State law only, pursuant to a prescription order or refill.

Prior Approval - The process of the Member or Member's representative providing information to Sanford Health Plan substantiating medical necessity of services in order to receive benefits for the requested service. Sanford Health Plan reserves the right to deny or pay benefits at the Basic Plan level if Prior Approval is not obtained.

Reasonable Costs - Costs that do not exceed the lesser of: (a) negotiated schedule of payment developed by the Plan which is accepted as payment in full by Participating Practitioner and/or Providers within the Plan's Service Area or (b) the prevailing marketplace charges.

Self-Injectable - Self-administered injectable medications can be given at home by the patient or caregiver. Typically these drugs are covered under the pharmacy benefit.

Specialty Medications – Specialty medications are defined as injectable and non-injectable medications that have one or more of several key characteristics, including:

- Requirement for frequent dosing adjustments and intensive clinical monitoring to decrease the potential for drug toxicity and increase the probability for beneficial treatment outcomes.
- Need for intensive patient training and compliance assistance to facilitate therapeutic goals.
- Limited or exclusive product availability and distribution.
- Specialized product handling and/or administration requirements.
- Cost in excess of \$500 for a 34-day supply

Step Therapy Program - Program using protocols that specify the order in which different medications for a given condition are prescribed. If a Member does not obtain the desired clinical effect or experiences side effects at one step, then the medication choice at another step may be tried. Step therapy requires the use of first-line alternatives before more expensive second-line medications are covered by the pharmacy benefit.

Supply and Dispensing limitations - One (1) Copayment Amount, plus any applicable coinsurance amount, applies per Prescription Order or refill for a 1-34 day supply. Two (2) Copayment Amounts, plus any applicable coinsurance amounts, apply per Prescription Order or refill for 35-100 day supply. Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a 100-day supply.

Affordable Care Act (ACA) Mandated Drug Coverage

The Affordable Care Act requires all non-grandfathered health plans to cover ten categories of essential health benefits; one of these essential health benefits categories include prescription drugs. Sanford Health Plan is required to cover the following over the counter (OTC) medications prescribed by a physician/practitioner and filled by a participating pharmacy.

Essential Health Benefits (EHB)

Drug Category/ Name	Dosage Form	Criteria
Aspirin to prevent cardiovascular disease	Generic OTC agents 81mg and 325mg only	Men ages 45 to 79 Women ages 55 to 79
Fluoride	Generic Rx and Generic OTC (single entity and combo products)	Children older than 6 months of age through 5 years old
Folic Acid	Generic Rx and Generic OTC 0.4mg and 0.8mg only	Women through age of 50 years
Iron Supplements	Generic Rx and Generic OTC (single entity and combo products)	Children older than 6 months of age through 12 months
Vitamin D	Generic Rx and Generic OTC (single entity with calcium $\leq 1,000$ units of Vit D)	Age ≥ 65 years
Bowel Preparation Agents	Generic Rx only with primary indication of colonoscopy preparation	Adults; ages 50 to 75 years (2 prescriptions per 365 days)
Tobacco Cessation	FDA approved tobacco cessation medication Ninety (90) day supply	Adults; ages 18 to 79 (2 attempts per 365 days)
Tamoxifen, Raloxifene, Soltamox	All FDA approved forms	Female breast cancer prevention

The ACA mandates that FDA approved contraceptive methods be covered by Health Plans for women as prescribed by Practitioners. Sanford Health Plan has a formulary listing for the covered generic contraceptive oral medications. Coverage is also offered for the following preferred brand medications Ortho Tri-Cyclen Lo and NuvaRing. Also covered at the pharmacy with a prescription are the following two barrier methods; diaphragms and cervical caps.
