A business process has been adopted in the ConnectND Hire process. The process is necessary to ensure that the HR and Student Administration databases are synchronized to avoid multiple ID’s for any one individual. This is an important issue to enable the University System to track and administer the students they employ in work-study or as temporaries (and employees who take classes as students). Common ID’s between the HR & Student Administration databases will also help the University System do some tracking of students into the workforce and improve our knowledge of the educational backgrounds of our employees.

BUSINESS PROCESS

The business process places a new entry screen in the hire process. On the employment side, the screen (shown below) uses various personal information on a new hire to search the Student Administration database to see if that person already has a StudentID. If it finds a record, the StudentID will become the EmpID.

Main Menu > Workforce Administration > Personal Information > ND Hire

![EMPLID Search](image_url)
Enter information for the new employee in the ‘ND Hire’ screen, then press ‘Search’. If no records are found (see below), click on Continue for the hire process.

If a matching record is found in the HR database (or both HR & SA as below), it will be necessary to switch to a Transfer or Re-Hire process. At this point you will need to call the ITD Service Desk at 328-4470 and log a Heat Ticket for OMB HR/Payroll.
If a matching record is found in the Student Admin (SA) system, you may then select the correct SA matching record and click ‘Continue’ to proceed through the hire process.

The following checklist highlights remaining Menu Items, Components, and Pages necessary for basic initial processing. The checklist focuses on the most common general situations. For specific detail, see the relevant manual.

**HR/Payroll Checklist for New Hires**

**HR:** (Navigation: Workforce Administration > Personal Information > ND Hire)

Enter all Biographical Details, effective date is date of hire.

Click on ‘Add Name’
Enter name and click OK

Continue on to Contact Information. Click on ‘Add Address Detail’

Click on ‘Add Address’
Enter address information – Click OK

**Edit Address**

* Country: United States
* Address 1: 3323 Parker Lane
* Address 2: 
* Address 3: 
* City: Bismarck
* State: ND
* Postal: 58503
* County: Burleigh

**Complete other Contact Information**

* Current Addresses
  * Address Type: Home
  * As Of Date: 05/10/2008
  * Address: 3323 Parker Lane, Bismarck, ND 58503

* Phone Information
  * Phone Type: Business
  * Telephone: 7015284560

* Email Addresses
  * Email Type: 
  * Email Address: 
  * Preferred: 

**Complete Regional Information**

  * Military Status: No Military Service
  * Citizenship (Proof 1): 
  * Citizenship (Proof 2): 

* Smoker History
  * Smoker: 1
  * As of: 

Page 5 of 8 New Hire Checklist 8.9.doc
Complete Organizational Relationships. Check ‘Employee’ and then click on ‘Add the Relationship’ this will give you your EmplID and take you to the Work Location tab.

**Fill in information:**

**Job Data**
- Work Location
- Job Information
- Job Labor *(Not Used)*
- Payroll
- Salary Plan
- Compensation

Last Start Date will change to hire date when saved.

**Employment Data**
- Employment Info

**Earnings Distribution**
- Job Earnings Distribution

Click OK when done inputting all information. (This will take you back to the Organizational Relationships screen. You can now move on to Workers Compensation.)
Workers Compensation (Workforce Administration > Job Information)

Emergency Contact (Workforce Admin > Personal Information > Personal Relationships)

Designated Medical Provider (Workforce Admin > Personal Information > Personal Relationships)

Driver’s License Data (Optional) (Workforce Admin > Personal Information > Biographical)

Direct Deposit (Payroll for North America > Employee Pay Data USA > Request Direct Deposit) The ‘Suppress DDP Advice Print’ box should be checked if the employee has access to the Portal and self service.

Employee Tax Distribution (Payroll for North America > Employee Pay Data USA > Update Tax Distribution) This panel is automatically created through ‘hire’ but should be checked for correct locality information.

Employee Tax Data (Payroll for North America > Employee Pay Data USA > Update Employee Tax Data) For a new hire, insert a new row with the effective date of the day after the hire date even though the employee’s tax status is S and allowances are 0 (the default) to signify that you have reviewed the employee’s tax data.

- Federal Tax Data
- State Tax Data

Commitment Accounting: (Set Up HRMS > Product Related > Commitment Accounting > Budget Information)

Department Budget Table - All employees must have a department budget table. If the hire is a permanent employee filling a previously existing position, the table may already be set up, but ensure the established combination code is correct for that employee.

Benefits: Once you have entered and saved the New Hire in Job Data, a benefit event is created. Before you can process the event, it needs to be assigned to your schedule. This is a centralized activity that automatically runs every half hour.

Prepare Benefit Options: (Benefits>Manage Automated Enrollment>Run Automated Event Processing)

Enter Benefit Elections: (Benefits>Manage Automated Enrollment>Participant Enrollment>Perform Election Entry)
- Enter dependent information for medical, dental and vision plans
- Enter employee benefit elections (see list below) from enrollment forms

Finalize/Close Event: (Benefits>Manage Automated Enrollment>Run Automated Event Processing)
Benefit Elections Entered Through Automated Enrollment
(This list includes all PERS sponsored benefits, with the exception of UNUM Long-term Care Insurance, which is entered as a general deduction)

Health Benefits
