

CAPITOL GROUNDS PLANNING COMMISSION

DATE: May 16, 1990
POLICY NUMBER: 05-1990

SUBJECT: PLAQUES ON THE GROUNDS OF THE CAPITOL COMPLEX

POLICY STATEMENT

Groups should be encouraged to plant trees on the Capitol grounds in accordance with the Capitol grounds master landscape plan. Placement of plaques for anything other than buildings, monuments, or other significant features of the Capitol grounds should be discouraged. Recognition may be given to any cause or event that adheres to the public policy expressed in the constitution and laws of the state of North Dakota. Plantings to be dedicated should be located along the Arboretum Trail to allow recognition in the descriptive brochure maintained for distribution to visitors using the Arboretum Trail.

Note: the Master Plan Study Group at the May 2, 1990 meeting put this policy together. It was then recommended to the Capitol Grounds Planning Commission for inclusion in the Capitol Complex Master Plan.
