Water's edge method election instructions

A corporation required to file its North Dakota return using the worldwide unitary combined report method must do so unless it elects to apportion its income using the water's edge method.

A corporation elects and maintains the water's edge method election by marking the circle entitled "Water's Edge Method" (C or C1) on page 1, line 1, and completing Schedule WE.

A corporation electing the water's edge method must comply with all of the following

- The election must be made on the return as originally and timely filed;
- The water's edge election is binding for five consecutive taxable years upon making the election. Each subsequent year the water's edge circle is marked does NOT constitute a new five year election; and

- Any affiliated unitary foreign or domestic corporation that has income from North Dakota sources and is excluded from the water's edge group because it has less than twenty percent of its average property and payroll inside the U.S. must file its water's edge return computing its income based on its single company pro forma federal taxable income.

A corporation electing the water's edge method must include only the apportionment factors and statutory adjustments of the water's edge group.

Schedule WE general definitions

"Water's edge group" includes a U.S. parent corporation, affiliated corporations incorporated in the U.S., excluding 80/20 corporations, affiliated corporations incorporated in a possession of the U.S., IC DISCs, FSCs, export trade corporations and foreign affiliated corporations which meet a defined minimum of U.S. activity.

"Affiliated corporation" means a parent corporation and any corporation of which more than fifty percent of the voting stock is owned directly or indirectly by the parent corporation or another member of the water's edge group.

"Reversal of intercompany eliminations between water's edge corporations and 80/20 corporations" means the reversal of eliminations made between water's edge corporations and 80/20 corporations that are included in the federal consolidated return. Dividends, interest, royalties, capital gains and losses, intercompany

profit on sales, etc. between water's edge corporations and 80/20 corporations that have been eliminated in preparing the consolidated federal return must be reversed.

"Intercompany eliminations for water's edge group corporations" are eliminations of intercompany transactions between companies included in the water's edge group.

"80/20 corporation" is a corporation that is incorporated in the U.S., is eligible to be included in the federal consolidated return as defined in N.D.C.C. § 57-38.4-01(5) and has 20 percent or less of its average property and payroll for the tax year assigned to locations inside the fifty states, the District of Columbia, and possessions of the United States.

"Foreign dividends" means any dividend received by a member of the water's edge group from any affiliated corporation incorporated outside the fifty states and District of Columbia, including amounts included in income computed

under sections 951 through 954 of the Internal Revenue Code (IRC) of 1986, as amended. IRC section 78 gross up is not a foreign dividend.

"Net book income of an 80/20 corporation" means net book income after taxes for financial statement purposes. However, a corporation's net book income cannot be offset by a net book loss from another 80/20 corporation.

"Rescission of a water's edge election". A corporation's water's edge election is rescinded if:

- It has had more than 50% of its voting stock acquired by a nonaffiliated corporation;
- It was formed as the result of a reorganization or spinoff and is no longer a member of the water's edge group; or
- It is completely liquidated. The water's edge election of any corporation receiving liquidated assets is not affected.

Instructions for consolidated return using the combined report method

All corporations filing a consolidated North Dakota return (i.e. unitary groups including more than one company on this return) must complete the three parts of Schedule CR and attach the completed schedule to Form 40 when filed.

Space has been provided for three corporations (corporations A, B & C) having activity within North Dakota. If

space is needed for additional corporations having activity within North Dakota, additional copies of Schedule CR can be obtained by photocopying both parts of this original schedule or by printing additional copies from our web site at www.nd.gov/tax.

Complete page 1, lines 1-4 before starting to complete Schedule CR, part I.

Schedule CR has been designed so the instructions for Form 40 in the booklet also apply to the line numbers on Schedule CR. For example, the instructions for page 1, lines 5-20 also apply to Schedule CR, part I, lines 5-20.

After completing Schedule CR, part I, total lines 5 through 19 and enter each total on the corresponding line on page 1.
