17. Project property:
 Estimated percent of project property located in North Dakota....._____.

Project Operator's Application For Exemption

18. Number of years for which an income tax exemption is requested _____

19. Indicate the percentage of income from the project for which the exemption is requested.
The maximum percentage allowable is 100% of the income attributable to the project. _____ Percent

20. Which of the following would better describe the project for which this application is being made?
 New business project Expansion of a business project

Describe the extent of the expansion

Previous Business Activity

21. Is the project operator succeeding someone else in this or a similar business? Yes No

If YES, give details including location and name of former business

22. Has the project operator conducted this business at this or any other location either in or outside of the state?
 Yes No

If YES, dates of operation and location

Business Competition

23. Is any similar business being conducted by other operators in the state? Yes No

If YES, give name and location of competing business or businesses

24. If a property tax exemption was granted to this project by a municipality under N.D.C.C. ch. 40-57.1, did anyone oppose the granting of the exemption? Yes No

If YES, list name of person or business and nature of objection (attach additional sheets if necessary)

Use Only When Reapplying

25. The project operator is reapplying for an income tax exemption for the following reason(s):

- To present additional facts or circumstances which were not presented at the time of the original application
- To request continuation of the present income tax exemption because the project has:
 - moved to a new location
 - had a change in project operation

Qualification of a Primary Sector Business

The Department of Commerce Division of Economic Development and Finance must determine whether this project has met the qualifications of a primary sector business.

Applicants not yet certified primary sector should complete an application form and attach it to this Project Operator’s Application for Income Tax Exemption. A fillable form for the Application for Certification as a Primary Sector Business is available on the website at www.business.nd.gov/uploads/7/primarysectorcertification2018new2.pdf.

Qualification of a Tourism-Related Destination Attraction

A project applying for exemption as a tourism-related destination attraction does not need to be certified as a primary sector business. It does need a statement (below) that the Department of Commerce Division of Economic Development & Finance finds that this project meets the qualifications of a tourism-related destination attraction.

For Use by the Department of Commerce Division of Economic Development and Finance

The Department of Commerce Division of Economic Development and Finance, after examination and review of this application, finds that the project in this application _____ met the qualifications of a tourism-related destination attraction for the following reasons: _____ has/has not

_____ Signature _____ Title _____ Date

Employment Statement And Signature

As project operator, I am aware of the policy with regard to the employment of North Dakota contractors and North Dakota workers adopted by the members of the State Board of Equalization. (See attached.) By presenting this signed application for an income tax exemption, I am aware that, unless I give employment to North Dakota contractors and workers to the maximum extent possible, the exemption may be revoked.

I, _____, do hereby certify that the answers to the above questions and all of the information contained in this application, including attachments hereto, are true and correct to the best of my knowledge and belief and that no relevant fact pertaining to the ownership or operation of the project has been omitted.

_____ Date _____ Signature _____

_____ Title _____

PRIVACY ACT NOTIFICATION

In compliance with the Privacy Act of 1974, disclosure of a social security number or Federal Employer Identification Number (FEIN) on this form is required under N.D.C.C. §§ 40-57.1-04, 40-57.1-04.4, 40-57.1-07, and 57-01-15, and will be used for tax reporting, identification, and administration of North Dakota tax laws. Disclosure is mandatory. Failure to provide the social security number or FEIN may delay or prevent the processing of this form.

North Dakota Income Tax Exemption for New or Expanding Businesses

General Instructions

Who Qualifies

Any project operator who is engaged in a new or expanding primary sector business or tourism may qualify for the income tax exemption.

Definitions

Commencement of project operations means the date the plant actually goes into its planned operations, which begin when management or employees undertake the tasks that are intrinsic to the conduct of business.

Primary sector means a business which adds value to a product, process, or service that results in the creation of new wealth. New wealth means revenues to a North Dakota business generated by sales of products or services to customers outside North Dakota, or revenues to a North Dakota business from sales in North Dakota, if the product or service was previously unavailable or of limited availability.

Project means a primary sector business or tourism. The term is limited to a newly established business or the expansion portion of an existing business. It does not include any part of an existing business.

Project operator means the individual, corporation, partnership, limited liability company, or association that owns or operates the project.

Tourism means any tourism-related business that is a destination attraction.

Limitations

A project is not eligible for this exemption if any of the following conditions exist:

1. The project received a property tax exemption under the tax increment financing statute, N.D.C.C. § 40-58-20(11).
2. The project operator has an unsatisfied tax lien of record for any delinquent property, income, sales, or use taxes owed to the state or any political subdivision.

If the project operator is a partnership, corporation or limited liability company, the above tax lien condition applies to any general partner, officer, governor, or manager having the responsibility for filing the tax returns or paying the taxes to which the tax lien relates.

Allowable Exemption

The income tax exemption consists of a partial or complete exemption from taxation of the net income attributable to the project. In the case of an expansion project, only the net income attributable to the expanded portion of the business is eligible for exemption. The exemption may be granted for up to five years following the commencement of project operations. See N.D. Administrative Code § 81-03-01.1-06 for the rules on how to calculate the amount of net income that is exempt.

The project operator must file any required state income tax return even though the exemption is granted. For tax years beginning before January 1, 2003, this exemption is not allowed to an individual who calculates the income tax under N.D.C.C. § 57-38-30.3 (which is implemented on Form 37-S and Form ND-1).

Application Procedures

The project operator files the application with the Corporate Income Tax Section on behalf of the State Board of Equalization. The application should be mailed to:

Office of State Tax Commissioner
Corporate Income Tax Section
600 E. Boulevard Ave., Dept. 127
Bismarck, ND 58505-0599

The application must be filed within the first year following the commencement of project operations.

The State Board forwards the application to the Department of Commerce Division of Economic Development and Finance for its review and recommendation as to the eligibility of the project as a primary sector business or tourism.

The project operator provides notice to competitors as prescribed by the State Board.

The State Tax Commissioner certifies to the State Board whether the project operator has any tax liens of record for any delinquent property, income, sales, or use taxes owed to the state or a political subdivision.

The State Board holds a public hearing, considers the impact and effect the exemption would have on existing business, and then grants or denies the application for exemption.

The State Board provides written notification of the Board's decision to the applicant and the Tax Commissioner.

Policy For The Full Employment Of North Dakota Workers For New and Expanding Businesses Seeking Tax Exemptions

The State Board of Equalization, in recognition of the intent of the Legislature to add “to the volume of employment” and to alleviate “unemployment among the people of the state,” hereby adopts the following policy to be followed regarding all new and expanding businesses seeking tax exemptions under North Dakota Century Code ch. 40-57.1.

1. State or local governing bodies negotiating with new or expanding businesses for tax exemptions under N.D.C.C. ch. 40-57.1 are required as part of such negotiation to request maximum employment of North Dakota contractors and workers in both the construction and the operation phases of a new or expanding business.
2. Any application for tax exemption must contain a statement thereon that both the governing body and the new industry or expanding business concerned have discussed the employment of North Dakota contractors and workers to the maximum extent possible, and the applicant acknowledges that tax exemptions are based in part on such policy.
3. The local governing body and the State Board of Equalization shall take into consideration in granting an exemption to a new or expanding business the

employment of North Dakota contractors and workers, to the extent they are available and fully qualified, in both the construction and operation phases of the new or expanding business.

4. Any new or expanding business granted a tax exemption under N.D.C.C. ch. 40-57.1 that does not fulfill the commitment it has made regarding the employment of North Dakota contractors and workers in both the construction and operation phases of the new or expanding business will be subject to revocation of the balance of its income tax exemption from the date of the breach of its agreement.
5. Complaints about the implementation of a commitment of a new or expanding business to employ North Dakota contractors or workers shall be handled by a mediation committee composed of three persons appointed by the State Board of Equalization. One member shall represent the new or expanding business, one member shall represent the governing body concerned, and a third member shall represent the interests of North Dakota contractors or workers. The mediation committee will report its findings to the State Board of Equalization.

Adopted by the State Board of
Equalization, August 3, 1993.
