Disabled Veterans

A disabled veteran may qualify for a property tax credit on the veteran's homestead.

Eligibility Requirements

1. The applicant must be a disabled veteran of the United States armed forces with an armed forces service-connected disability of 50 percent or greater. The applicant could also be a disabled veteran who has an extra-schedular rating to include individual unemployability that brings the veteran's total disability rating to 100 percent as determined by the Department of Veterans Affairs.
2. The veteran must have been discharged under honorable conditions or be retired from the armed forces of the United States.
3. The percentage of credit allowed is equal to the percentage of the disabled veteran's disability compensation rating for service-connected disabilities as certified by the Department of Veterans Affairs for the purpose of applying for a property tax credit.
4. The unremarried surviving spouse of a deceased qualifying veteran is eligible for the credit. An unremarried surviving spouse who is receiving Department of Veterans Affairs dependency and indemnity compensation receives a 100 percent credit.
5. The disabled veteran's income and assets do not affect eligibility for the credit.

Property Qualifying for Credit

- * 6. The credit equals the disabled veteran's percentage of disability or unemployability rating applied to the first \$6,750 of taxable value of the disabled veteran's homestead.
- * 7. If two disabled veterans are married to each other and living together, their combined credits may not exceed 100 percent of \$6,750 of taxable value of the homestead.
- * 8. If a disabled veteran co-owns the homestead property with someone other than the disabled veteran's spouse, the credit is limited to that disabled veteran's interest in the homestead, to a maximum amount calculated by multiplying \$6,750 of taxable valuation by the disabled veteran's percentage of interest in the homestead property and multiplying the result by the applicant's certified disability percentage.

9. A mobile home qualifies for the credit if the mobile home is the disabled veteran's homestead.
- * 10. Land is eligible for the credit (effective for 2015 assessment.)
11. A person who meets the income and asset requirements for homestead credit may apply for that program also.

Additional Requirements

12. Property must be owned and occupied as a homestead (defined in N.D.C.C. § 47-18-01) by a qualifying disabled veteran or unremarried surviving spouse.
13. The veteran must have 50 percent or greater service-connected disability on the assessment date. The percentage rating on the assessment date applies for the whole year.
14. If the applicant is a surviving spouse of a deceased disabled veteran, the deceased veteran must have been disabled prior to the assessment date.
15. A disabled veteran or unremarried surviving spouse claiming a credit for the first time shall file with the county auditor an affidavit showing the required facts, a description of the property, a copy of the DD Form 214 showing the veteran's honorable discharge from active military service and a certificate from the United States Department of Veterans Affairs certifying to the amount of the disability. Those documents are confidential under N.D.C.C. § 37-18-11.
16. A person shall thereafter furnish to the assessor or other assessment officials, when requested to do so, any information which is believed will support the claim for credit for any subsequent year.
17. If a qualifying disabled veteran or unremarried surviving spouse moves to a different homestead, the credit is portable and may be applied to the person's new homestead.
- * 18. A credit under this section terminates at the end of the taxable year of the death of the applicant.

Cancellation of Unpaid Taxes

19. The county commissioners have the authority to cancel the portion of the tax that represents the credit calculated in accordance with this section for any year that a disabled veteran or unremarried surviving spouse is eligible for the credit.
