

# EverFi in North Dakota

EverFi provides teachers with the high-quality digital resources they need to address critical skills. In the 2016-2017 school year, more than 15,000 schools across North America will use EverFi's courses with their students.

Below is a snapshot of how EverFi supports schools in North Dakota this school year, at no cost to schools:

High school students are headed quickly toward financial independence. Do they have a plan in place? Are they reaching out to the adults in their lives for advice? In North Dakota...

**59%** Plan and follow a budget

Talk to their parents about finances **67%**

STEM careers are not just the future, they are opportunities available today for the students who have the skills to fill them. However, access and exposure to these exciting careers are not equal for all students. In North Dakota ...

**35%** Are interested in a career in STEM

Feel like their teachers encourage them to excel in STEM **62%**

# Overview

EverFi is the leading education technology company focused on teaching, assessing, and certifying students in the critical skills they need to thrive.

We believe that budgetary constraints should not limit a district's ability to address critical topics and teachers should be supported as they leverage digital resources in their classrooms.

Coming  
Spring 2017

## SUMMER SLUGGER

**2.6 months** of math skills are lost over the summer.

**66%** of income-based achievement gap is attributed to summer learning loss.

Each summer students lose critical math and literacy skills, widening the achievement gap and requiring substantial remediation at the start of each year.

To prevent this “summer slide,” EverFi has partnered with Major League Baseball to develop a continuous and engaging learning experience that prepares students of all backgrounds to enter the next school year on track.

The 18 week program, targeted at 4<sup>th</sup> to 5<sup>th</sup> graders, keeps students practicing math and literacy skills over the summer to help them prepare for the new school year.
